Critical Tech Solutions (CTS) is the sole vendor & manufacturer of a terrain-adjustable rapid-deployment vehicular mobile video surveillance system called The Rapid All-Terrain Tower (RATT), formerly known as the MVS System. The unique features are listed below and also claimed in our 2 patents, #7,959,115 and #8152114B2. These patent claims ensure that CTS will be the only provider of this specific technology until our patent expires in June of 2031. Our company has previously qualified as a sole source provider of The RATT (MVS System) to the following organizations: TSA , United States Air Force, NASA, FBI, Office of Emergency Management, Saudi Aramco, European Union Monitoring Mission, Blount County (TN), Oak Ridge (TN) & Carter County (TN).

## OVERVIEW

- Light weight (gross weight less than 105 lbs)
- All weather
- No separate trailer required and Dual Use (both permanent mounting or mobile use)
- Travel height less than 108 inches
- Adjusts to vertical on sloping terrain

If you have any questions about CTS or The RATT, we can be reached at 865.202.6603 or via email at [Mark@CriticalTS.com](mailto:Mark@CriticalTS.com).

Sincerely,

**MARK**
