Gentlemen:

Mr. Ed Warmack, owner of Indian Mall, has furnished us a copy of the plans for the new Penney's store which is to be built onto the Mall, and has shown us the proposed location of the Be-Loo Cleaning Plant which he proposes to build with the west edge of the building ten feet from a fence running along the west side of the Mall property.

Mr. Warmack has explained that he will build a cyclone fence with panelweve. He advises he will try to preserve all the trees and other vegetation and will plant some more to try to make the boundary of the Mall as attractive as possible where it meets the east boundary of our lots.

We are satisfied with Mr. Warmack's explanation and wish to advise that we have no objections to him going ahead with this work.
