RE: Planned Unit Development - Village on the Green, Phase II

Gentlemen:

At your request, I have reviewed the application and related documents submitted by Carroll Caldwell and H.S.C., Inc. regarding the above Planned Unit Development. As a result of my review of the documentation and applicable ordinances, it is my conclusion that the proposed development does not violate any ordinance, statute or regulation, including the PUD ordinance.

My letter to you of September 10, 1986, regarding my opinion of the entire development is applicable, and I incorporate the provisions of that letter herein by reference.

Sincerely,)

Jim Burton
