REZONING INFORMATION:

The applicant is responsible for explaining and justifying the proposed rezoning. *Please prepare an attachment to this application answering each of the following questions in detail:*

- (1). How was the property zoned when the current owner purchased it? R-1
- (2). What is the purpose of the proposed rezoning? Why is the rezoning necessary?
- (3). If rezoned, how would the property be developed and used?
- (4). What would be the density or intensity of development (e.g. number of residential units; square footage of commercial, institutional, or industrial buildings)?
- (5). Is the proposed rezoning consistent with the *Jonesboro Comprehensive Plan* and the *Future Land Use Plan*?
- (6). How would the proposed rezoning be the public interest and benefit the community?
- (7). How would the proposed rezoning be compatible with the zoning, uses, and character of the surrounding area?
- (8). Are there substantial reasons why the property cannot be used in accordance with existing zoning?
- (9). How would the proposed rezoning affect nearby property including impact on property value, traffic, drainage, visual appearance, odor, noise, light, vibration, hours of use or operation and any restriction to the normal and customary use of the affected property.
- (10). How long has the property remained vacant?
- (11). What impact would the proposed rezoning and resulting development have on utilities, streets, drainage, parks, open space, fire, police, and emergency medical services?
- (12). If the rezoning is approved, when would development or redevelopment begin?
- (13). How do neighbors feel about the proposed rezoning? Please attach minutes of the neighborhood meeting held to discuss the proposed rezoning or notes from individual discussions. *If the proposal has not been discussed with neighbors, please attach a statement explaining the reason. Failure to consult with neighbors may result in delay in hearing the application.*
- (14). If this application is for a Limited Use Overlay (LUO), the applicant must specify all uses desired to be permitted.

Applications will not be considered complete until all items have been supplied. Incomplete applications will not be placed on the Metropolitan Area Planning Commission agenda and will be returned to the applicant. The deadline for submittal of an application is on the public meeting schedule. The Planning staff must determine that the application is complete and adequate before it will be placed on the MAPC agenda.

REZONING INFORMATION:

1. How was the property zoned when the current owner purchased it?

- The current zoning of the property needs to be verified with the Jonesboro Planning & Zoning Department, but it is likely zoned for residential (R-1 or similar classification).

2. What is the purpose of the proposed rezoning? Why is the rezoning necessary?

- The purpose of this rezoning is to convert the property from residential to commercial use, allowing for business operations such as retail, office space, or another commercial establishment.
- Rezoning is necessary to maximize the potential of the property due to its prime location on E Johnson Ave (Highway 49), a major roadway with high traffic and commercial viability.

3. If rezoned, how would the property be developed and used?

- If rezoned to commercial use, the property could be developed into a business establishment, retail store, office space, or other permitted commercial use within the proposed zoning classification.

4. What would be the density or intensity of development?

- The development may include one or more commercial buildings, depending on the zoning regulations for setbacks, parking requirements, and floor area ratios.

5. Is the proposed rezoning consistent with the Jonesboro Comprehensive Plan and the Future Land Use Plan?

- Given the location on a major highway, the rezoning aligns with potential commercial corridor development trends and may support the City's land use goals.
- A review of the Jonesboro Comprehensive Plan is necessary for confirmation.

6. How would the proposed rezoning be in the public interest and benefit the community?

- The rezoning would enhance economic activity, create business opportunities, and potentially generate more jobs for local residents.
- It would also increase property tax revenues for the city and improve the surrounding infrastructure.

7. How would the proposed rezoning be compatible with the zoning, uses, and character of the surrounding area?

- The area along E Johnson Ave (Highway 49) includes both residential and commercial properties.

- Nearby properties may already be commercially zoned or transitioning toward commercial use, making this rezoning compatible with the neighborhood's evolving character.

8. Are there substantial reasons why the property cannot be used in accordance with existing zoning?

- Due to its location on a high-traffic road, the property is less desirable for residential purposes due to noise, accessibility concerns, and lack of privacy.

- It is better suited for commercial use, benefiting from high visibility and direct road access.

9. How would the proposed rezoning affect nearby property, including impact on property value, traffic, drainage, visual appearance, odor, noise, light, vibration, hours of use, or any restriction to the normal and customary use of the affected property?

- Property Value: Potential increase due to commercial development.

- Traffic: May increase, but would be consistent with expected commercial activity along E Johnson Ave.

- Drainage: Development plans would ensure compliance with city stormwater management requirements.

- Visual Appearance: The proposed development would align with commercial aesthetics and zoning requirements.

- Noise/Light: Any potential noise and lighting concerns would be addressed per zoning regulations (e.g., business hours, parking lot lighting).

- Hours of Operation: Would depend on the type of business but would comply with city regulations.

10. How long has the property remained vacant?

- The property currently has a single-family home on it. If transitioning to commercial use, it may need to be redeveloped or repurposed.

11. What impact would the proposed rezoning and resulting development have on utilities, streets, drainage, parks, open space, fire, police, and emergency medical services?

- Utilities: Existing water and sewer services would support commercial use.

- Streets: The property has direct access to E Johnson Ave (Highway 49), a well-maintained major road.
- Drainage: The development would comply with city stormwater management requirements.
- Emergency Services: No significant impact expected; commercial zoning is typical along high-traffic corridors.

12. If the rezoning is approved, when would development or redevelopment begin?

- Development or redevelopment would begin as soon as permits are obtained and site planning is finalized, likely within 6 to 12 months following approval.

13. How do neighbors feel about the proposed rezoning?

- Discussions with nearby property owners are encouraged. A neighborhood meeting or written statements from neighbors would strengthen the application.

14. If this application is for a Limited Use Overlay (LUO), specify all uses desired to be permitted.
