Subject: Application for Rezoning of 5905 E Johnson Ave, Jonesboro, AR 72401

Dear Members of the Jonesboro Metropolitan Area Planning Commission,

I am writing to formally request a rezoning of my property located at 5905 E Johnson Ave, Jonesboro, AR 72401 from Residential R1 to Commercial C3. The purpose of this rezoning request is to allow for the future development of commercial business, which I believe aligns with the surrounding area's growth and the city's comprehensive land use plan.

Justification for Rezoning Request

1. Location Suitability:

- The property is situated along E Johnson Ave (Highway 49), a major roadway in Jonesboro, making it an ideal location for commercial use.
- The site has 140 feet of street frontage along a well-trafficked corridor, which enhances its viability for business purposes.

2. Compatibility with Surrounding Development:

• The surrounding area consists of a mix of residential and commercial properties, making the proposed zoning transition a logical step for neighborhood development.

• Nearby properties along E Johnson Ave are already zoned for commercial zoning , indicating a trend toward commercial expansion.

3. Public Benefit and Economic Impact:

• Rezoning this property will encourage economic growth, provide job opportunities, and generate increased tax revenue for the city.

• The new development would contribute to improving infrastructure and services in the area by attracting businesses and enhancing property values.

4. Compliance with City Plans and Policies:

• The proposed rezoning aligns with Jonesboro's Comprehensive Plan and the Future Land Use Plan, which supports commercial development along major roadways.

• The transition would be consistent with existing zoning patterns in the area and meet local development goals.

5. Impact on Public Services & Infrastructure:

• The property is already served by public water and sewer systems, reducing the need for additional infrastructure improvements.

• Traffic impacts will be minimal and manageable, given that the area is already developed with commercial activity.

• The site provides safe access to E Johnson Ave, with visibility and road capacity supporting future business use.
