Subject: Outdoor Amphitheater Data

City Council Members,

Below you will see a list of 5,000 seat capacity Outdoor Amphitheaters. Each of the properties listed are not located near residents. Please take note that these theaters are located all over the United States and offer no threat to surrounding areas, unlike the proposed Fairgrounds site that 'would' be sitting in the middle of a large residential area. Some are located in commercial areas, but not residential. I urge you to think about what something so large and commercial will do to our quiet suburban community. My child, and future children, will be kept up a night due to the concerts and events held at this site. I have attended many outdoor music events and I can tell you first hand that a dome roof and hill across from the Amphitheater will not absorb all the sound.

Thank you

Shelly Jones

434 County Road 705

Red Rocks Amphitheatre W Alameda Pkwy, Morrison, Colorado

Cuthbert Amphitheatre 2300 Leo Harris Pkwy, Eugene, OR

Mud Island River Park 101 Island Drive, Memphis, TN
