Dimensions: 16ft wide x 45ft long x 14 ft high.  
West side wall will have 4 ft of side sheeting from the top  
East side wall will have 4 ft of side sheeting from the top  
Ends will be open  
5x5 Posts set 3ft in the ground  
Colors matching existing structure

I am requesting a permit to construct an RV carport for my motor home. I currently have an existing gravel pad where I would like to construct the carport. The construction will be professionally done by Square Post Buildings from Hoxie, Arkansas and will accent the home with matching colors. All homeowners in this area have approximately 1 acre lots.
