**SITE  
DESCRIPTION:** **Tract Size:** Approx. 0.58 Acres

**STREET FRONTAGE:** **Street Frontage:** Around 100 feet along East Johnson  
**Topography:** Flat  
**Existing Development:** Older commercial building

**SURROUNDING CONDITIONS:**

ZONE	LAND USE
North	C-3 General Commercial
South	C-3 General Commercial and I-1 Limited Industrial
East	I-1 Limited Industrial and C-3 General Commercial
West	I-1 Limited Industrial

**HISTORY:** There was a commercial business on this lot.

**ZONING ANALYSIS**

*City Planning Staff has reviewed the proposed Zone Change and offers the following findings:*

**COMPREHENSIVE PLAN LAND USE MAP**

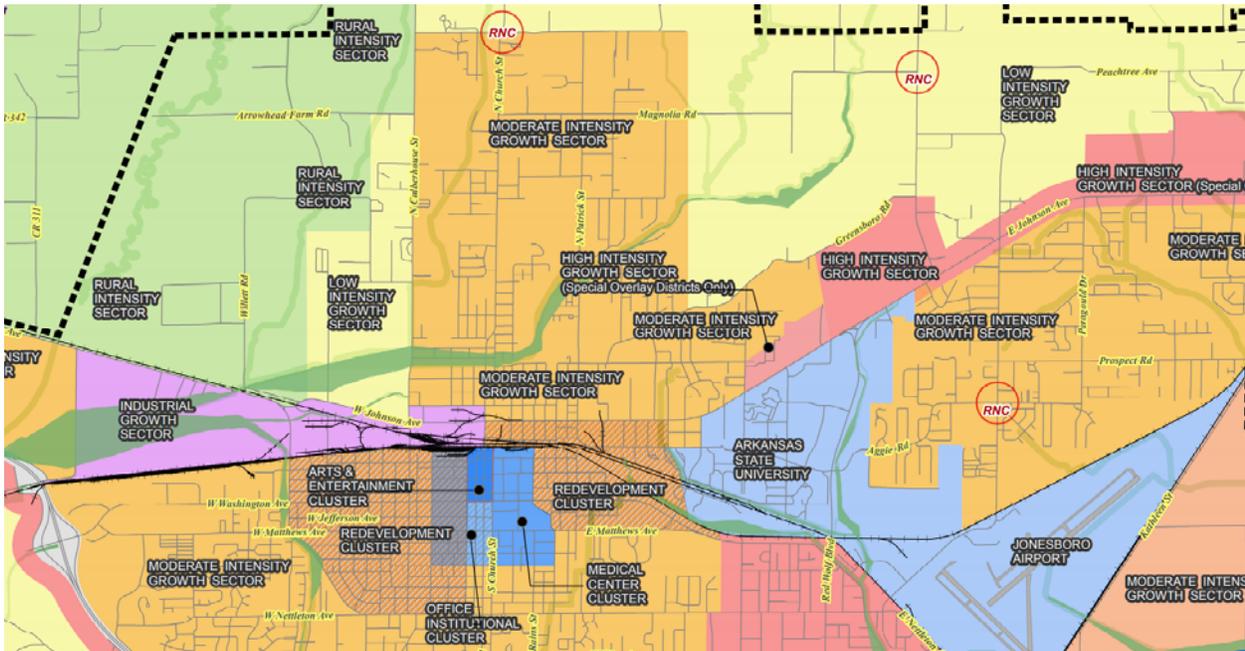

The Current/Future Land Use Map recommends this location as a Moderate Intensity Growth Sector. A wider mix of land uses are appropriate in this sector. Control of traffic is probably the most important consideration in this sector. Additionally, good building design, use of quality construction materials, and more abundant landscaping are important considerations in what is approved, more so than the particular use. Limits on hour of operation, lighting standards, screening from residential uses, ect may be appropriate. Consideration should be given to appropriate locations of transit stops.

Typical Land Uses:

- Single family residential
- Attached single family, duplexes, triplexes and fourplexes
- Neighborhood retail, neighborhood services
- Office parks
- Smaller medical offices
- Libraries, schools, and other public facilities
- Senior living centers/nursing homes, etc.
- Community-serving retail
- Small supermarket
- Convenience store
- Bank
- Barber/beauty shop
- Farmer's market
- Pocket park

**MASTER STREET PLAN/TRANSPORTATION**

The subject site is served by East Johnson Ave. The street right-of-ways must adhere to the Master Street Plan.

**Adopted Land Use Map**

## APPROVAL CRITERIA- CHAPTER 117 – AMENDMENTS

The criteria for approval of a rezoning are set out below. Not all of the criteria must be given equal consideration by the MAPC or City Council in reaching a decision. The criteria to be considered shall include, but not be limited to the following:

Criteria	Explanations and Findings	Comply Y/N
(a) <b>Consistency of the proposal with the Comprehensive Plan/Land Use Map.</b>	This area is classified as a Moderate Intensity Growth Sector. The Land Use Plan recommends no more than 8 units per acre. The applicant is requesting 16 units per acre.	
(b) <b>Consistency of the proposal with the purpose of Chapter 117-Zoning.</b>	The proposal will achieve consistency with the purpose of Chapter 117.	
(c) <b>Compatibility of the proposal with the zoning, uses and character of the surrounding area.</b>	There are other apartment developments in the area. There really is not much single family residential housing in this area of Johnson.	
(d) <b>Suitability of the subject property for the uses to which it has been restricted without the proposed zoning map amendment.</b>	The property is currently zoned I-1. There really is not much industrial growth happening on Johnson.	
(e) <b>Extent to which approval of the proposed rezoning will detrimentally affect nearby property including, but not limited to, any impact on property value, traffic, drainage, visual, odor, noise, light, vibration, hours of use/operation and any restriction to the normal and customary use of the affected property.</b>	The development that is currently on the property is an empty commercial building. Replacing an empty commercial building with a new multifamily apartment complex would impact the area but it probably would not be detrimental.	
(f) <b>Impact of the proposed development on community facilities and services, including those related to utilities, streets, drainage, parks, open space, fire, police, and emergency medical services.</b>	If proper buffering were put in place, this property would have a minimal impact if rezoned.	

# STAFF FINDINGS

## APPLICANT'S PURPOSE:

There was a pawnshop on this property but the owner decided to close the business. He is now wanting to construct single-level, multi-family apartments/duplexes. The owner would construct a six-plex or eight-plex if rezoned.

## **Chapter 117 of the City Code of Ordinances defines RM-16 Multifamily Residential:**

***RM-16 Multifamily Residential:*** This is a residential multifamily zoning classification. The classifications allow for 16 units per net acre. This includes all forms of units, duplexes, triplexes, quads, and higher.

## CONCLUSION

The Planning Department Staff finds that the requested Zoning Change submitted for subject parcel, should the MAPC decide to approve based on the above observations and criteria of Case RZ 17-29, a request to rezone property from I-1 Limited Industrial District to RM-16 Multi-Family Residential, subject to final site plan approval by the MAPC and the following conditions:

1. That the proposed site shall satisfy all requirements of the City Engineer, all requirements of the current Stormwater Drainage Design Manual and Flood Plain Regulations regarding any new construction.
2. A final site plan subject to all ordinance requirements shall be submitted, reviewed, and approved by the MAPC, prior to any redevelopment of the property.
3. Any change of use shall be subject to Planning Commission approval in the future.
4. A final site plan illustrating compliance with site requirements for parking, signage, landscaping, fencing, buffering etc. shall be submitted to the MAPC prior to any redevelopment. New screening outdoor storage and dumpster enclosure requirements shall be implemented if stipulated by the MAPC.

Respectfully Submitted for Planning Commission Consideration,  
The Planning Department
