TO: Mayor Hubert Brodell
FROM: Chief John D. Morgan
REFERENCE: Council Resolution

I would like the City Council to adopt a resolution to authorize and support the placement of an automatic camera by Burlington Northern Railroad. This camera would be placed at the railroad crossing of Highland Drive and E. Nettleton and would photograph the license plate of anyone who violated the crossing gates. Statutes are currently in effect which would enable us to cite the offenders to court.

As you are aware, we have a high number of automobile/train collisions, and it is hoped that increased enforcement will reduce the number of collisions. The city would need to erect a pole and provide electricity, but all other costs will be incurred by the Railroad.

Respectfully
