Residential Water Meter Permit

Federal law mandates ADA compliance for public accommodations and commercial facilities. Compliance is the responsibility of the legal authority of the construction project. I do hereby release and agree to indemnify, save, and hold harmless the City of Jonesboro and its employees and City Water and Light (CWL) from any and all liability due to or arising from the temporary electrical connection or disconnection to the referenced premises. Temporary service is issued solely as a courtesy to aid in the construction. All setback requirements are the responsibility of the contractor; the Inspections Department inspects the footings for code adherence. The contractor holds all responsibility to ensure these setbacks are in place. All windows will be installed according to plans and by egress code requirements (bathrooms and kitchens are exempt), with no exceptions. I have read understand and agree to the specific terms of this agreement.

Date Issued: 6/20/2016
Date Expires:
(180 Days from date issued; up to one year conditionally)
