RE: Closing of unnamed  
street Concord to  
Belmont East of  
Hampton

Dear Brian:

We have been requested by Skip Macon to supply you with our required easements should the above referenced street be closed.

Our easement should be twenty (20) feet in width, ten (10) feet either side of our existing sanitary sewer. This should run the entire distance from Concord Street to Belmont Street.

I hope this clarifies our need.

Respectfully,

  
Randy Simpkins, P.E.  
Chief Engineer

cc: Skip Macon
