ORDINANCES TO BE INTRODUCED

[ORD-22:017](#)

AN ORDINANCE TO WAIVE COMPETITIVE BIDDING AND AUTHORIZE PURCHASE OF LICENSE PLATE RECOGNITION EQUIPMENT AND SOFTWARE FOR THE POLICE DEPARTMENT

Attachments: [Vigilant](#)

Councilmember John Street said, Mr. Chairman, before the meeting, I was asked to make an amendment on the recurring fee and change that to \$48,500 and then the one-time fee would result in a change to \$9,380 and the recurring fees are all of those that are highlighted and the remainder of those fees are what make up the one-time fee. Councilmember John Street motioned, seconded by Councilmember LJ Bryant, to amend ORD-22:017 to reflect the changes in fees from the recurring fees of \$57,080 to

\$48,500 and the one-time fee from \$8,580 to \$9,380. All voted aye.

Chairman Joe Hafner said, let the record reflect that Councilmember David McClain is now present.

Councilmember McClain asked, how many are we planning on? Does it say how many license plates? I see license plate recognition, other cameras, body worn cameras or they do all that, but we just need the license plate recognition? Police Chief Rick Elliott said, this is LPR technology, software to do analytics with and to run the systems we currently involved in. This particular brand is a Motorola product and it is used by our federal law enforcement partners and plus other major agencies around us and that has given us the capability to share information with them and they are also sharing information back through us with the same program. So, we are seeing the benefits already of this program. As far as the number of cameras, that project will grow from now. We are just limited to the money we have in hand and the money the council allocates down the road. We are getting up and running. We are probably at 400+ cameras right now throughout the city. We do nothing but plan on keep on having this project to grow. The good thing is other agencies or other cities around us have looked at what we have got and are looking to do the same thing and share their information back with us. So, that will make us in the law enforcement community more connected, better connected on investigative cases. You get people who flee Jonesboro and head back to say Memphis or north or south or whatever. This technology will help keep track of those vehicles. Councilmember McClain asked, is this mainly going on SkyCops or are we talking about intersections? Chief Elliott said, It's going on our major intersections. Some of the SkyCop cameras have them. And, then our next set of fleet cameras that's coming this summer with AXON, it's going in the police cars. They will have built in LPR technology also. So, that will give every car running around on the street, they will be scanning tags and if that tag is stolen, cars stolen, or silver alert, or amber alert, or whatever, that officer will get an immediate response on his screen. And, so, this technology last year alone, we have documented 170 cases that the video analyst helped make because of the technology we have implemented. So, no sooner than we have this up and running throughout the city, it's helped us many times proven. And, just this past weekend, we had a shooting down on Roy Street and this camera technology helped locate the suspect vehicle. So, it's paying off. I think it has been a great move for the city and we are doing something that most major cities do. But, the good thing is other towns around us have come and looked at what we are doing and it has got them excited. Especially, even with a GridSmart camera. I'm kind of getting off of the subject, but Brookland has looked at GridSmart cameras for their city so what we are doing, the excitement is spreading out. So, that is a good thing for Northeast Arkansas.

Councilmember LJ Bryant asked, will the officer's cameras in the cars go backwards too like if you are looking for a blue Honda from three days ago or something? Chief Elliott said, no. In that system, they won't. We can't search that one. They just tell you what is going live and what we have put in for investigative purposes. But, I will be able to access that car, camera feed, you know, from my desk as I can the body cams now. And, that officer's camera is live and if I want to see what is going on at the scene, I can access it from my computer or any of the supervisors can. So, our technology, not only with Axon, but with Motorola and what we are doing has brought us way ahead in the world.

A motion was made by Councilperson John Street, seconded by Councilperson LJ Bryant, that this matter be Recommended to Council . The motion PASSED with the following vote.

Aye: 5 - Charles Coleman; Ann Williams; John Street; David McClain and LJ Bryant

RESOLUTIONS TO BE INTRODUCED

[RES-22:058](#)

RESOLUTION EXPRESSING THE WILLINGNESS OF THE CITY OF JONESBORO TO SUBMIT AN APPLICATION TO THE DEPARTMENT OF TRANSPORTATION FOR THE FY22 RAISE GRANT FOR THE UPPER HALF OF THE JONESBORO QUALITY OF LIFE AND CONNECTIVITY MASTER PLAN

Chief Administrative Officer Brian Richardson said, I am obviously happy to discuss this further at council, but I just wanted to kind of bring the Finance Committee up to date with this. We did have our debriefing call with the Department of Transportation, I don't know, probably about a month ago when they had some recommended changes and improvements that we could make to the grant to make it or give it a better chance of being improved. We did receive high marks in several areas of our past application. And, it did qualify and it was recommended for funding, but we didn't get the highly recommended. There were over 700 grant applications sent in last year. I think that we were in the top 150 or something along those lines. I can't remember the exact number. If Regina is listening, she could correct me on that. But, they did have a lot of positives and they did see a need. They just needed to see a little bit more clarification on some of the things that we were asking for and why.

Councilmember David McClain asked, are they looking for as far as I guess favorability, things that make us more favorable, do they want to see a percentage of our overall plan completed or is it just shoot and see what happens? Mr. Richardson said, with any grant, the people that are offering to fund that are going to look at what have you done with past grant allocations. And this will be considered over the summer, and then as you kind of go into the fall and at that point, I think we have three right-of-ways that we are working on closing out on Creath Street and then there's some utility relocation drawings that are being worked on and so I really hope that can go to work pretty quick on that. From the city side, we are going to be funding some adjustments down Monroe to show for some pedestrian investments. So, I do think that starting to work on those projects will help with showing that we are ready to move on this. You know, it is just a struggle of having to get the right-of-ways to be able to put this through. But, I think that we are just about over that hill so we can actually get to work moving some dirt. Councilmember McClain asked, is that on Creath? I see University Heights mentioned. Is that including that or is that just on Creath as far as projects that we have got moving and actually moving dirt? Mr. Richardson said, the Creath trail will be the first one that goes to actual construction. Right now, they are beginning to do some right-of-way assessments and some environmental studies on the Aggie portion of the trail which is still not fully funded, but it's funded enough to where we can go ahead and start some of the processes of doing some of the legwork so whenever we do receive additional funding, we can hopefully move that faster to construction than anything from concept.

Councilmember LJ Bryant said, I know this is a bigger discussion than to have here today because there are a thousand pieces to it, but I know congressional earmarks are back. So, I'm sure you all are looking at that and such and I know everybody probably wants some money, the airport and us and everybody else so, I don't know. I'm sure you all are working on that. I know it will be difficult to come up with what our strategy, what is our ask, and I know it is not our decision to make. It is the members

of Congress, but, anyway, I'm sure those things are happening. I know there is a lot to discuss with all of that. Mr. Richardson said, yeah, and you don't get what you don't ask for most of the time. So, we are constantly putting in requests and asking consideration and we welcome any of those ideas from finance and from council and from the general public on the things that they would like to see.

RESOLUTION EXPRESSING THE WILLINGNESS OF THE CITY OF JONESBORO, ARKANSAS TO UTILIZE FEDERAL-AID RECREATIONAL TRAILS PROGRAM FUNDS

AND AUTHORIZING THE CITY OF JONESBORO GRANTS AND COMMUNITY DEVELOPMENT DEPARTMENT TO APPLY FOR THE FY22 RECREATIONAL TRAILS PROGRAM (RTP) FROM THE ARKANSAS DEPARTMENT OF TRANSPORTATION

Councilmember John Street asked, Danny, is this a redo of the interior 2.3 miles around the lake? Parks and Recreation Director Danny Kapales said, yes sir. This is actually redoing the chat trail that runs along the shore line. If you haven't been out there lately, a lot of it is really low lying close to the waterway and it gets a lot of drainage and it's washed out. So, this will give us an opportunity to raise a lot of that up, put new drainage in and make that current asset that we have a much more valuable asset. Councilmember Street asked, is it going to be chat again? Mr. Kapales said, it will be. We want to keep it. Councilmember Street said, will it be smaller chat? That stuff is hard to walk on. Mr. Kapales said, along with this, we will actually go with recommendations. We will go with what is required for a soft surface trail and that way it is fitting to what the current guidelines are for a soft surface trail. Councilmember Street said, I walk it a lot. I walk the outside one too, but it is really hard and the drainage is just kind of like you and I went out there with a shovel and put a pipe in and shoveled dirt on it and it is actually humped. If we are going to do that, I would hope it would be professionally engineered where those won't wash out every time we get a heavy rain. And, at least, if it has got to be chat or some other surface that can be smaller where you can actually maybe even put some wood along the sides to contain it where it is not just going to wash off everywhere and it is really walkable because it's a shame. It is beautiful and that is why I walk it even though it's harder on my ankles and stuff. It is a beautiful trail around there. It's just so tough sometimes to walk. Mr. Kapales said, it is. And, absolutely, it is the asset out there and we want to make sure that it is a trail that everybody enjoys. And, being soft surface, that is a lot of folks want to make sure that they have a trail that is easier to walk soft surface at times. And, as long as we have a lot of it built up, as you said, a way to keep it from washing out that is what we are looking for because there are locations out there that flood. If we get a lot of heavy rain, it may be six inches of water sitting on top of some of that trail so we want to get it up and out of the water and that way you can go out there and walk right after the rain. Councilmember Street said, I think over the years, the Parks Department has probably rebuilt that thing a truck full of chat at a time going down. Mr. Kapales said, every year, we have a little bit on budget each year to put chat out there and it is just a constant refill. Councilmember Street said, I appreciate it. It is a nice trail. I love it.

Councilmember Ann Williams asked, on the soft surface trails, that is where mountain bikes and wider tire right or generally is that? Mr. Kapales said, soft surface just means that it is not asphalt or concrete. So, this will be for walkers. This soft surface is for walkers. Councilmember Williams said, that is what I was going to ask is there overlap between the bikers and hikers on some of these soft surface trails? Mr. Kapales said, on this trail, there won't be. This trail runs along the edge of the shoreline. This is strictly for walkers. No bikes are allowed on this section of the trail. But, as far as the overall park, we are still looking at different areas out there in the park, like this will be just for walkers. There is going to be locations out there that are going to be shared use. There are going to be locations that are just for bikers. That is one of the things that we are moving toward is how do we get the correct signage out there and make sure everybody knows what trails to be on and just make that park a little bit safer and more usable for everyone.

Councilmember LJ Bryant asked, if we got the grant, what do you think the timeframe is on getting this done? Mr. Kapales said, that I wish I could actually answer. Obviously, engineering is going to be the first thing. And, as Mr. Street had said, we

want to make sure that we do it right. So, the first phase would be the engineering process. And, I would say that is going to be at least a six month process to go in, do all of the measurements, design, and then, from there, you know, our process of getting the construction company because that is not going to be an in-house job. So, you know, at the minimum, I would say, you know, we are looking at getting this grant this year, designed through 2023. So, we are probably talking build at the end of 2023 through 2024.

§ 5.1.1 Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Contractor as provided below and elsewhere in the Contract Documents.

§ 5.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month, or as follows:

§ 5.1.3 Provided that an Application for Payment is received by the Architect not later than the **Twenty-Fifth** day of a month, the Owner shall make payment of the amount certified to the Contractor not later than the **Tenth** day of the following month. If an Application for Payment is received by the Architect after the application date fixed above, payment of the amount certified shall be made by the Owner not later than **Thirty (30)** days after the Architect receives the Application for Payment.

(Federal, state or local laws may require payment within a certain period of time.)

§ 5.1.4 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form, and supported by such data to substantiate its accuracy, as the Architect may require. This schedule of values shall be used as a basis for reviewing the Contractor's Applications for Payment.

§ 5.1.5 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.

§ 5.1.6 In accordance with AIA Document A201™–2017, General Conditions of the Contract for Construction, and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

§ 5.1.6.1 The amount of each progress payment shall first include:

- .1 That portion of the Contract Sum properly allocable to completed Work;
- .2 That portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction, or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing; and
- .3 That portion of Construction Change Directives that the Architect determines, in the Architect's professional judgment, to be reasonably justified.

§ 5.1.6.2 The amount of each progress payment shall then be reduced by:

- .1 The aggregate of any amounts previously paid by the Owner;
- .2 The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A201–2017;
- .3 Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Contractor intends to pay;
- .4 For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A201–2017; and
- .5 Retainage withheld pursuant to Section 5.1.7.

§ 5.1.7 Retainage

§ 5.1.7.1 For each progress payment made prior to Substantial Completion of the Work, the Owner may withhold the following amount, as retainage, from the payment otherwise due:

(Insert a percentage or amount to be withheld as retainage from each Application for Payment. The amount of retainage may be limited by governing law.)

Five Percent (5%)

§ 5.1.7.1.1 The following items are not subject to retainage:

(Insert any items not subject to the withholding of retainage, such as general conditions, insurance, etc.)

Insurance, Building Permit, and Fees

§ 5.1.7.2 Reduction or limitation of retainage, if any, shall be as follows:

(If the retainage established in Section 5.1.7.1 is to be modified prior to Substantial Completion of the entire Work, including modifications for Substantial Completion of portions of the Work as provided in Section 3.3.2, insert provisions for such modifications.)

§ 5.1.7.3 Except as set forth in this Section 5.1.7.3, upon Substantial Completion of the Work, the Contractor may submit an Application for Payment that includes the retainage withheld from prior Applications for Payment pursuant to this Section 5.1.7. The Application for Payment submitted at Substantial Completion shall not include retainage as follows:

(Insert any other conditions for release of retainage upon Substantial Completion.)

Retainage will be withheld in the amount equal to work left to complete at substantial completion; as determined by the Architect.

§ 5.1.8 If final completion of the Work is materially delayed through no fault of the Contractor, the Owner shall pay the Contractor any additional amounts in accordance with Article 9 of AIA Document A201–2017.

§ 5.1.9 Except with the Owner’s prior approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

§ 5.2 Final Payment

§ 5.2.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Contractor when

- .1 the Contractor has fully performed the Contract except for the Contractor’s responsibility to correct Work as provided in Article 12 of AIA Document A201–2017, and to satisfy other requirements, if any, which extend beyond final payment; and
- .2 a final Certificate for Payment has been issued by the Architect.

§ 5.2.2 The Owner’s final payment to the Contractor shall be made no later than 30 days after the issuance of the Architect’s final Certificate for Payment, or as follows:

Provided final certificate of payment is accompanied with all of the closeout and final documents as required by the specifications.

§ 5.3 Interest

Payments due and unpaid under the Contract shall bear interest from the date payment is due at the rate stated below, or in the absence thereof, at the legal rate prevailing from time to time at the place where the Project is located.

(Insert rate of interest agreed upon, if any.)

Executive Order 14026 generally applies to the contract.. The contractor must pay all covered workers at least \$15.00 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2022.
If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022:	<ul style="list-style-type: none">. Executive Order 13658 generally applies to the contract.. The contractor must pay all covered workers at least \$11.25 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2022.

The applicable Executive Order minimum wage rate will be

adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at <https://www.dol.gov/agencies/whd/government-contracts>.

 ** Workers in this classification may be entitled to a higher
 minimum wage under Executive Order 14026 (\$15.00) or 13658
 (\$11.25). Please see the Note at the top of the wage
 determination for more information.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave
 for Federal Contractors applies to all contracts subject to the

Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

**Certification Regarding
Debarment, Suspension, and Other Responsibility Matters
Primary Covered Transactions**

EXHIBIT "B"

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 13 CFR Part 145 Subpart C 145.200 - 145.325. The regulations were published as Part VII of the May 26, 1988 *Federal Register* (pages 19160-19211). Copies of the regulations are available from local offices of the U.S. Small Business Administration.

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

- (1) The prospective primary participant certifies to the best of its knowledge and belief that it and its principals:
 - (a) You are not presently debarred, suspended, proposed for disbarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - (b) You have not within a three-year period preceding this application been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - (c) You are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
 - (d) You have not within a three-year period preceding this application had one or more public transactions (Federal, State, or local) terminated for cause or default.
- (2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective primary participant shall attach an explanation to this proposal.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is submitted for assistance in obtaining a copy of those regulations (13 CFR Part 145).
6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the ineligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Pt. 145

(1) Making an administrative offset against other requests for reimbursements.

(2) Withholding advance payments otherwise due to the grantee, or

(3) Other action permitted by law.

(b) Except where otherwise provided by statutes or regulations, the Federal agency will charge interest on an overdue debt in accordance with the Federal Claims Collection Standards (4 CFR Ch. II). The date from which interest is computed is not extended by litigation or the filing of any form of appeal.

CIVIL

2. Drawings: Sheet C001 – Site Plan and Details

- A. Clarification: Fire line indicated on sheet F100 will require the cutting/trenching through existing asphalt parking lot to tie into main water line at Nettleton and to set new fire hydrant. Provide an allowance in base bid to include cutting, removing, and repair to existing asphalt parking lot. A trench 3'-0" wide will require removal/repair of 554 SF of asphalt. Asphalt repair section shall be 3" A.C.H.M. Surface course Type 2 & 6" Class 7 aggregate base course compacted to 95% modified proctor.

ARCHITECTURAL

3. Specifications: Section 07 2116 – Blanket Insulation; 2.02 Batt. Insulation Materials: Add the following:

7. Facing: Kraft faced, one side
a. ASTM C 665; Federal Specification HH-1-521F, Type II.
8. Facing: Foil faced, one side
a. ASTM E84; Max. flame spread index: 25; Max. smoke development index: 50
b. Install foil faced insulation when exposed on exterior walls

4. Specifications: Section 07 2116 – Blanket Insulation; 3.03 Schedules:

- A. Interior Walls: (add the following)
2. 6" inch thick, un-faced, R-Value, R-19.
3. 1 1/2 inch thick, Kraft-faced, R-Value, R-6.

5. Specifications: Section 09 6250 – Resilient Sports Floor

- A. Clarification: Court striping is to be included in this scope of work. (3) colors will be used for striping.

6. Drawings: Sheet A100.1 – Partial demolition, floor plan, and reflected ceiling plan

- A. Add the following sheet: A100.1– Partial demolition, floor plan, and reflected ceiling plan.

- B. This area of the building is indicated on Sheet C001 (siteplan) as existing lobby and existing storage (at the southeast corner of the main building).

7. Drawings: Sheet A601 – Toilet Elevations

- A. Clarification: Provide “Schluter Jolly” trim at top and bottom termination of epoxy wainscot.

MECHANICAL

8. Drawings: Sheet M202 – FIRST FLOOR HVAC LOBBY PLAN - NEW

- A. Add radiant ceiling panel heaters to floor plan.
- B. Add Keyed Notes #1 and #2.
- C. Add “Radiant Ceiling Panel Heaters Schedule”.
- D. Revise Sequence of Operations.

FIRE PROTECTION

9. Drawings: Sheet F100 – SITE PLAN – FIRE PROTECTION

- A. Add fire hydrant to site plan.
- B. Relocate post indicator valve.
- C. Add Detail #2, “Fire Hydrant Detail”.

10. Drawings: Sheet F102 – FIRST FLOOR FIRE PROTECTION LOBBY PLAN - NEW

- D. Extend fire protection scope to include existing lobby, concession, office, and storage area.
- E. Add fire suppression hazard classification to existing lobby, concession, office, and storage.

ELECTRICAL

11. Specifications: Section 26 36 00 – DIESEL-ENGIN-DRIVEN GENERATOR SETS

- F. Section 2.02.E, Change EPA Tier 4 to EPA Tier 3.
- G. Section 2.09.A.2, Omit ‘walk-in’ requirement for generator enclosure.

12. Specifications: Section 27 15 13 – Communications Copper Horizontal Cabling

- H. Section 2.03.F, Cable jacket shall be RED for computer network and BLUE for voip telephone.
- I. General, RJ45 jacks shall be CommScope GigaSPEED XL MGS400 Series per Jonesboro IT standards.

13. Drawings: Sheet E104 – ELECTRICAL PLANS - NEW

- J. ELECTRICAL PLAN – FIRST FLOOR – NEW and ELECTRICAL PLAN – SECOND FLOOR - NEW, updated to reflect additional data and camera locations.
- K. ELECTRICAL PLAN – FIRST FLOOR – NEW, updated generator location to the north west corner of the building.

14. Drawings: Sheet E106 – ELECTRICAL PLAN – LOBBY – NEW

- L. ELECTRICAL PLAN – LOBBY – NEW, added power to new radiant heaters.

15. Drawings: Sheet E601 – ELECTRICAL SCHEDULES

- M. ELECTRICAL EQUIPMENT SCHEDULE, updated to add radian heater information.

Renovations to
Jonesboro Recreational Center
Jonesboro Arkansas
Phase II

SECTION 00 1113

ADVERTISEMENT FOR BIDS

Qualified Contractors are invited to bid on a contract for "Renovations to Jonesboro Recreation Center – Phase II". The bids shall be on a lump sum basis.

The City of Jonesboro, hereinafter termed owner, will receive bids until **2:00 p.m., Wednesday, March 23, 2022**. Bids may be mailed or delivered in care of Purchasing Agent, Steve Kent, Jonesboro City Hall, 300 South Church Street, Jonesboro, Arkansas 72401. Bids received after this time will not be accepted.

Bids will be publicly opened and read aloud at the stated time on the 1st Floor Conference Room at the Municipal Building Center, 300 South Church Street, Jonesboro, Arkansas.

Project scope consists of an approximately 15,600 SF interior renovation to the existing Jonesboro Recreational Center. Work includes restroom, multipurpose, and office renovations, two renovated basketball and soccer courts with synthetic sports flooring and synthetic turf. Mechanical systems include package air handling units and updated plumbing and fixtures. Electrical systems are being modified, as well as, new fire suppression system for facility. Exterior work is limited to egress sidewalks, drainage modifications and new exterior wall openings.

Plans, specifications, bid forms, and other contract documents may be examined at the office of the architect. While contract documents can be examined at the following plan rooms, bidders should use caution in doing so:

Jonesboro Blueprint
222 Madison Street
Jonesboro, AR 72401
(870) 932-4349

Southern Reprographics
901 W. 7th Street
Little Rock, AR 72201
(501) 372-4011

Obtaining contract documents through any source other than the Design Professional or their representative(s) is not advisable due to the risks of receiving incomplete or inaccurate information. Contract documents obtained through the Design Professional or their representative(s) are considered the official version and take precedence should any discrepancies occur. The official version of the complete set of the contract documents should be examined and are obtainable from Brackett-Krennerich and Associates, P.A., 100 E. Huntington, Suite D, Jonesboro, Arkansas. General contractors may obtain two (2) complete sets of bidding documents from Brackett-Krennerich and Associates upon deposit of **\$200.00** which is refundable, less postage/shipping costs, if applicable, to bona fide bidders upon return of documents in good condition within 3 days after bid date.

Additional sets of documents may be obtained for use by subcontractors and material suppliers upon receipt of **\$100.00** per set which is refundable less cost of reproduction (**50% refundable**), and less postage/shipping costs if applicable, upon return of documents in good condition within 3 days after the bid date. No partial sets will be issued.

Bid Security in the amount of five percent (5%) of the bid must accompany each bid in accordance with the Instructions to Bidders.

Bidders shall conform to the requirements of the Arkansas licensing laws and regulations for contractors, and shall be licensed before his bid is submitted.

The City of Jonesboro encourages all small, minority, and women business enterprises submit bids for capital improvements. Encouragement is also made to all general contractors that in the event they subcontract portions of their work, consideration is given to the identified groups.

There will be a **Pre-Bid Conference** held at the site on **Thursday, March 10, 2022**. The conference will start at exactly **2:00 p.m.** Prime contractors who arrive late or fail to attend this meeting may forfeit their bidding privilege. The owner reserves the right to waive this requirement and/or schedule additional meetings.

The owner reserves the right to reject any and all bids, or to waive any formalities.

A RESOLUTION TO WAIVE COMPETITIVE BIDDING AND AUTHORIZE THE MAYOR TO ENTER INTO AN AGREEMENT WITH ACTIVE NETWORK, LLC FOR THE PURCHASE OF POINT OF SALE EQUIPMENT FOR THE PARKS DEPARTMENT

WHEREAS, the Parks Department for the City of Jonesboro needs Point of Sale Equipment that is capable of handling reservations, registrations, concessions, membership, and other items for the management of all of the sporting activities, and rental options in all of the city park properties.

WHEREAS, ActiveNet Point of Sale Equipment is capable of handling all of the needs of the Parks Department and is compatible with the approved web based software that works with the current financial software being used by the City of Jonesboro Finance Department and will therefore work seamlessly with that existing software.

WHEREAS, the cost of the ActiveNet Point OF Sale Equipment is \$42,652.11.

WHEREAS, the City Council in accord with the terms of A.C.A. Section 14-58-303 states that bidding in this matter is not practical and hereby waives the requirement of competitive bidding due to the fact that this Point Of Sale Equipment is compatible with the existing software being used by the City of Jonesboro Finance Department and will work seamlessly with said software without requiring modifications.

NOW, THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF JONESBORO, ARKANSAS:

SECTION 1: The 2022 budget is amended \$42,652.11 to purchase ActiveNet Point of Sale equipment.

SECTION 2: The City Council waives competitive bidding in accordance with the terms of A.C.A. Section 14-58-303.

SECTION 3: The Mayor and City Clerk are hereby authorized to execute such documents as are necessary to effectuate the agreement.
