6. NEW BUSINESS

ORDINANCES ON FIRST READING

[ORD-21:058](#)

AN ORDINANCE TO WAIVE COMPETITIVE BIDDING TO PURCHASE EQUIPMENT FOR POLICE VEHICLES WITH CITY COUNCIL APPROVED FUNDS

Councilmember John Street motioned, seconded by Councilmember Charles Frierson, to suspend the rules and offer ORD-21:058 by title only. All voted aye.

Held at one reading

Aye: 10 - Ann Williams;Charles Frierson;Chris Moore;John Street;Mitch Johnson;Bobby Long;Joe Hafner;David McClain;LJ Bryant and Brian Emison

Absent: 2 - Chris Gibson and Charles Coleman

[ORD-22:001](#) AN ORDINANCE DECLARING AN EXCEPTIONAL SITUATION AND WAIVING THE REQUIREMENTS OF COMPETITIVE BIDDING FOR FIRE TRUCK BODY WORK ON A DAMAGED FIRE DEPARTMENT TRUCK.

Attachments: [AML Fire Truck Insurance estimate](#)

Councilmember John Street motioned, seconded by Councilmember LJ Bryant, to suspend the rules and offer ORD-22:001 by title only. All voted aye.

Councilmember John Street asked, Mayor, do you know if there is any urgency to the body work on that truck to get that back in service? I didn't see the Fire Chief. Mayor Harold Copenhaver said, we discussed it the other day. Brian, do you remember that? Chief Administrative Officer Brian Richardson said, it is my understanding that this is just a formality and that the work has already started and we have to pass this through council for our records. I haven't heard of any urgency or any express to move this forward any faster than the current course, but if so, we can always do it at the next meeting. City Attorney Carol Duncan said, it is an insurance pass through. The insurance company got the bids, paid us the money, and it would be passing through. So, it is really just a pass through.

Councilmember John Street motioned, seconded by Councilmember Mitch Johnson, to suspend the rules and waive the second and third readings. All voted aye.

A motion was made by Councilperson John Street, seconded by Councilperson Bobby Long, that this matter be Passed . The motion PASSED with the following vote.

Aye: 10 - Ann Williams;Charles Frierson;Chris Moore;John Street;Mitch Johnson;Bobby Long;Joe Hafner;David McClain;LJ Bryant and Brian Emison

Absent: 2 - Chris Gibson and Charles Coleman

Enactment No: O-EN-002-2022

Billy Brown, 814 Mays Road, said, I live on the north side of Jonesboro. I am here to speak on behalf of those of us that are homeowners on the north side of Jonesboro. We come before the council with all due respect to ask your consideration as developments are in process throughout the city of Jonesboro. Our desire is to have a strong and vital city. I think that comes with good residents, good homes, people have good jobs and a good place to live and then Jonesboro becomes more desirable. I am speaking against changing the zone because changing a zone in a neighborhood changes the entire complexity of that neighborhood. Now, my neighborhood is currently an R-1. I am not unfamiliar to many of you as I come forward to speak on behalf of homeowners that have vested their time and their money and homes in Jonesboro. I am here tonight to speak on behalf of the homeowners over on Bettie Drive, on each side of that. That entire neighborhood is an R-1 neighborhood. I have been over there and driven around. Changing the zone from R-1 to PD-R, Planned Development-Residential would allow such flexibility as to put units that would house either duplex or even a tri-plex or even more that I might not be familiar with. As long as it is a single unit, then there can be multiple living quarters within that unit. And, that falls under that planned development. Currently, it is an R-1. I know that there is a development across the street in that neighborhood, somewhere across the street in that neighborhood that has got 19 acres, 66 lots and it remained R-1. That means that folks are going to move in there. They are going to develop that neighborhood as an R-1 neighborhood, a single-family and not have high density housing. I also am fairly familiar with the fact that this area, the proposed area for this rezoning doesn't actually have a traffic plan in place. Now, there are some proposals and there are some thoughts, but I haven't seen any actual traffic plan for where that traffic is going to go in and go out. It could happen this way. It might happen that way. I think changing a zone in an area that size without having an established traffic plan is actually going to happen. It is not only not fair to the neighbors in the homes that are already in place there, but not considerate of those potential residents that are going to move in there. So, my request tonight is to ask that the council not pass this on the third reading, that more consideration be given and to respect the neighborhoods that are in place in this town already and leave that as an R-1. Thank you. Mayor Harold Copenhaver said, thank you Mr. Brown, I appreciate you coming forward.

A motion was made by Councilperson John Street, seconded by Councilperson Chris Moore, that this matter be Passed . The motion PASSED with the following vote.

Aye: 10 - Ann Williams;Charles Frierson;Chris Moore;John Street;Mitch Johnson;Bobby Long;Joe Hafner;David McClain;LJ Bryant and Brian Emison

Absent: 2 - Chris Gibson and Charles Coleman

Enactment No: O-EN-005-2022

8. MAYOR'S REPORTS

Mayor Harold Copenhaver reported on the following:

Council, I would just like to say that I am going to make several comments tonight. Due to the result of last year's decisions, I am very proud of how this year has started out. One area in particular is our Jonesboro Police Department. As you know, we started a new shift for many of our officers on January 1st. That shift has allowed a shift in our community. I want to say most importantly to you Chief for working with us on this. We really studied this in detail and how it could affect our officers and our community. The first 18 days of this year, our police department has been able to make 1,580 traffic stops. Let me tell you how important that is. Each month, we were averaging about 350 accidents in our community. That is very costly to not only our inhabitants, but to our insurance and everything else that affects our community. So, at this point, that is about 300 additional traffic stops in just 18 days this year that we have been able to do since last year. The additional officers per shift, we are seeing an increase of where we had ten, sometimes even as low as eight per shift, up to around 19 officers now a shift. And, that is giving us an additional almost 30 cars on our peak time between 3:00 p.m. and 7:00 p.m. This has created an opportunity to be more proactive on our policing and policy. It flat out makes Jonesboro a safer place. I thank you not only to our administration, city council, and JPD for creating this adjustment because it puts more officers on the streets and gives them longer stretches of down time to recharge. I am excited that this change has produced such results and I am eager to see resulting reduction in speed violations, auto accidents, and crime in our city. For example, a suspect in a shooting was arrested within 24 hours using our real time crime center. E-911 received a phone call that advised the direction in which a suspect was headed. Officer Rachel Anderson spotted the vehicle on her computer using a camera that our Information Systems department built. Officer Anderson saw the vehicle from this camera, traced it back to another camera that contained a license plate reader. From there, the Jonesboro Police Department could track down the suspect and then made the arrest. That was just one success story. But, we invested in our technology, not to mention having officers trained well enough to know how to use it. Another incident, Officer Anderson observed a suspect attempting to break in once again into our Veteran's Village. He was caught in the act. Again, we are making Jonesboro safer.

We held a groundbreaking last week on Union Street. The city spent \$100,000 with an additional 50/50 outdoor grant from the state and another \$100,000 from CDBG funding for the park. This will create a play area for kids and a sheltered space for people to gather and enjoy the outdoors. We are turning hard surface into green space. So, again, this is good for Jonesboro.

Our Parks Department, this past weekend, hosted 88 volleyball teams this weekend. That is the biggest annual tournament we have in our community which was comprised of many teams. I believe we had somewhere in the range of 70 from outside of our city and 40 from outside of our state participating. This is a great event for our kids and their families, but it is also great for retail, our restaurants, and our hotels, which, in turn, means taxing came from outside of our community coming here. We appreciate you Danny Kapales and the Parks Department as well as all of our school districts who helped host this event. We had to use all of the resources available in our community,

did we not? I appreciate your efforts.

This past weekend, I don't know if any of you saw it or not, we did have a trucker who made a poor decision to turn off of Main Street onto Cate Street last Friday. He knocked over one of our vintage street pole signs on Main Street. But, I want to say thank you to Ronnie Shaver and our Building Maintenance Department. The pole was back up right and working well today. They do so much and I want to say this to you council, so many of our employees do so much that goes unnoticed, but I do want to commend our Building Maintenance team.

I joined yesterday in a celebration at Arkansas State University to honor the memory of Dr. Martin Luther King on the anniversary of his birth yesterday. It is important for us to remember his message and dedication to civil rights in this country and I was proud to be a part of the event.

9. CITY COUNCIL REPORTS

Councilmember Chris Moore said, on the note of the volleyball tournament over the weekend, a couple of the participants called me letting me know that they enjoyed coming to Jonesboro. They had heard that we were going to build a new sports complex and they said if I would let everyone know, they like the one at Cape Girardeau. I have never been up there. I don't know anything about it. They just said, whoever is looking into that, be sure and have them go visit the one at Cape Girardeau. Mayor Harold Copenhaver said, you bet. Thank you.

10. PUBLIC COMMENTS

11. ADJOURNMENT

A motion was made by Councilperson Joe Hafner, seconded by Councilperson David McClain, that this meeting be Adjourned . The motion PASSED with the following vote.
