

# REZONING PROCESS

*A change in a district boundary, also referred to as a map amendment or a rezoning, may be proposed by the city council, the planning commission, or by a property owner or his legal agent. Such amendments shall be considered in accordance with the procedures set forth in this section.*

## **Amendments & Rezonings**

**14.44.05 Amendments.** Two (2) types of amendments to this zoning ordinance are recognized; one being a revision in the textual provisions of the ordinance, and the other being a change of boundary in a zoning district.

(a) **Amendment to Text.** Amendments to the text may be initiated by the planning commission, the city council, or by the mayor. Proposed amendments shall be processed in accordance with the procedures set forth in this section.

(1) **Notice.** The City Planner shall be responsible for scheduling a public hearing before the planning commission. He shall prepare the content of a public notice, and ensure that the notice is published in a newspaper of general circulation with the city at least fifteen (15) days before the public hearing.

(2) **Hearing and Recommendation by the Planning Commission.** The planning commission shall conduct a public hearing on the proposed amendment, hearing both the proponents and opponents, if any. Following the public hearing, the commission shall determine its recommendation(s) regarding the proposed amendment, and make such known to the city council.

(3) **Action by the City Council.** After receiving the recommendation of the planning commission, the city council may approve the amendment as submitted; may approved a revised version they deem appropriate; refer it back to the planning commission for further study and consideration; table it; or deny it. If the city council action does not take place with six (6) months after the planning commissions public hearing, the amendment process must begin anew.

(b) **Change in District Boundary.** A change in a district boundary, also referred to as a map amendment or a rezoning, may be proposed by the city council, the planning commission, or by a property owner or his legal agent. Such amendments shall be considered in accordance with the procedures set forth in this section.

(1) **Application Submittal.** A complete application for change in district boundary or map amendment, hereafter referred to as a rezoning, shall be submitted to the city planner in a form established by him, along with the non-refundable processing fee (see attached fee schedule). Applications shall be filed by the 17<sup>th</sup> of the month in order to be placed on the planning commission agenda for the subsequent months meeting, which is held on the second Tuesday thereof. No application shall be processed until the city planner determines that the application is complete and the required fee has been paid.

(2) **Notice.** Promptly upon determining that the application if complete, the city planner shall schedule a public hearing date before the planning commission, notify the applicant of the hearing date, and provide at least

fifteen (15) days notice of the hearing in a newspaper of general circulation in the city. The notice shall indicate the time and place of the public hearing; give the general location and description of the property, such as the street address and acreage involved; describe the nature, scope and purpose of the application; and indicate where additional information about the application can be obtained.

The applicant shall (1) post notice on weatherproof signs provided by the City; (2) place the signs on the property that is the subject of the application at least ten (10) days before the public hearing; and (3) ensure that the signs remain continuously posted until a final decision is made by the city council. At least one (1) sign shall be posted by the applicant for each one hundred and fifty feet (150') of street frontage, up to a maximum of five (5) signs. Signs shall be placed along each abutting street in a manner that makes them clearly visible to neighboring residents, and passers-by. There shall be a minimum of one (1) sign along each abutting street.

**(3) Hearing and Recommendation by the Planning Commission.** The planning commission shall hold a public hearing on the proposed rezoning. At the conclusion of the hearing, and after deliberation, the commission shall recommend approval as submitted; may recommend approval of less area and/or of a lesser intense, but like classification than what was applied for; table with cause, not to exceed one time for consideration at the next meeting; or deny the application, and submit an accurate written summary of the proceedings to the city council.

**(4) Hearing and Action by the City Council.** After the planning commission recommends approval of an application, the applicant shall be responsible for preparing the appropriate ordinance and requesting that the City Clerk place it on the city council's agenda. Agenda item requests and all documentation shall be submitted in a form established by the City Clerk, and be accompanied by a publication fee prescribed by law.

If the planning commission does not recommend approval of an application, the city council may consider the matter after an appeal is filed by the property owner with the City Clerk, and a special public hearing is set and subsequently held. Applicant responsibility with regard filing documents with the City Clerk and paying said fee as described above is also applicable.

In considering an application for approval, whether on appeal or not, the city council may reduce the amount of land area included in the application, but not increase it; and may change the requested classification in whole or in part, to a less intense zoning district classification than was indicated in the planning commissions required public notice.

**(5) Approval Criteria.** The criteria for approval of a rezoning are set out in this section. Not all of the criteria must be given equal consideration by the planning commission or city council in reaching a decision. The criteria to be considered shall include but not be limited to the following:

- (a) Consistency of the proposal with the Comprehensive Plan.
- (b) Consistency of the proposal with the purpose of this ordinance.
- (c) Compatibility of the proposal with the zoning, uses and character of the surrounding area;
- (d) Suitability of the subject property for the uses to which it has been restricted without the proposed zoning map amendment;
- (e) Extent to which approval of the proposed rezoning will detrimentally affect nearby property including, but not limited to, any impact on property value, traffic, drainage, visual, odor, noise, light, vibration, hours of use/operation and any restriction to the normal and customary use of the affected property;
- (f) Length of time the subject property has remained vacant as zone, as well as its zoning at the time of purchase by the applicant; and
- (g) Impact of the proposed development on community facilities and services, including those related to utilities, streets drainage, parks, open space, fire, police, and emergency medical services.

**(6) Successive Applications.** In the event that the city council denies an application for a rezoning, a similar application shall not be considered by the planning commission for six (6) months from the date of the denial by the city council, unless the planning commission, upon recommendation by the city planner, determines that there is a significant change in the size or scope of the project, or that conditions have changed in the area affected by the proposed rezoning.

**14.44.06 Fees.** Before any action shall be taken as provided in this ordinance, the applicant shall submit a fee with the application in accordance with the schedule below. Under no condition shall said sum or any part thereof be refunded for failure of said action to be approved by the city. See the attached and most current fee schedule in the appendix section.
