Dear Jason Wilkie:

I am very pleased to award a grant for \$20,000 to the City of Jonesboro after a detailed review of the Urban & Community Forestry Assistance Grant applications. The Arkansas Forestry Commission has assigned this project the number UCF04-07.

Your vision will help to encourage forest stewardship within our communities and promote the many benefits our trees provide. With eighty percent of our citizens living in urban areas it is important that we keep our communities healthy through proper planning and management of our community forest.

Thank you for your dedication in furthering the importance of Arkansas' natural resources.

Sincerely yours,
