Re: Jonesboro Washington Street Drainage
M-N # 06-049

Dear Mayor Formon:

We are pleased to have been selected to provide Engineering services to design the Sharp Street Drainage Basin Improvements. Enclosed herewith you will find three copies of our Standard Engineering Agreement for your consideration and approval. As discussed with the committee, we have included in the additional services clause, a line to cover the cost of running a camera through the existing pipe to determine its suitability for reuse. This will cover the length from Johnson to the railroad and from the railroad south to Matthews.

If approved, we will proceed immediately and provide 95% drawings at the earliest date possible.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Robert W. Chatman', with a long horizontal flourish extending to the right.

Robert W. Chatman, P.E.
