Mr. Otis Spriggs, Director
Planning Department
City of Jonesboro, and
Metropolitan Area Planning Commission
Jonesboro, Arkansas

Dear Director and Commissioners:

I am submitting an Application for a Zoning Ordinance Map Amendment for my property, with a location of 2506 East Johnson, Jonesboro, Arkansas. I am requesting a zoning change from the existing C-4 to a zoning of C-3 for the entire parcel of land.

With this letter I am appointing Associated Engineering and Testing, LLC, their representative, to be present at the Metropolitan Area Planning Commission meeting to answer questions relating to engineering and/or storm water considerations, and other technical or engineer related questions. They are assisting me in preparing my application. They will assist us in future planning for development.

Sincerely,

A handwritten signature in cursive script that reads "Willis Gray".

Willis Gray

Mr. Otis Spriggs, Director
City Planner
Planning Department
City of Jonesboro
Jonesboro, Arkansas 72401

Dear Mr. Spriggs,

This letter is to express our support for the Gray rezoning to C-3. Commercial usage of this area is appropriate and represents positive redevelopment. The proposed rezoning will assist in stabilizing this neighborhood.

As one of the property owners with land touching the Gray property, I endorse the Gray application for rezoning to C-3.

Thank you very much.

Sincerely,

James D. Carr
Executor
