 Margaret Norris <mnorris@jonesborocwl.org>

5410 HARRISBURG RD - Tract 1-B

To: Tracy McGaha; Derrel Smith

Tracy:

There is an existing 10" sewer main (approx 13' deep) on the east side of Apt Drive. The sewer would need to be extended to the SW corner of 5410 Harrisburg Road to serve the lot with sewer. McAlister Engineering firm submitted plans to extend the sewer in this location last year (August 6, 2019).

Thanks - Margaret
