**ZONING ANALYSIS**

*City Planning Staff has reviewed the proposed Zone Change and offers the following findings:*

**COMPREHENSIVE PLAN FUTURE LAND USE MAP**

The Current/Future Land Use Map recommends this location as Planned Mix Use Area. The proposed rezoning is consistent with the adopted Land Use Plan.

**Adopted Future Land Use Map**

**Master Street Plan/Transportation**

The subject site is served by Hwy. 463/ East Netleton Ave., which on the Master Street Plan is defined as a Minor Arterial, it is not clear on the plat that the street right-of-ways satisfy the Master Street Plan recommendation, owner must clarify the intent.

**Zoning Map**

**Approval Criteria- Chapter 117 - Amendments:**

The criteria for approval of a rezoning are set out below. Not all of the criteria must be given equal consideration by the MAPC or City Council in reaching a decision. The criteria to be considered shall include, but not be limited to the following:

Criteria	Explanations and Findings	Comply Y/N
(a) Consistency of the proposal with the Comprehensive Plan/Land Use Map	The proposed C3-L.U.O. District rezoning is consistent with the Future Land Use Plan, which was categorized as Planned Mixed Use Area.	
(b) Consistency of the proposal with the purpose of Chapter 117-Zoning.	The proposal will achieve consistency with the purpose of Chapter 117. Standards for Communication Towers will have to be complied with.	
(c) Compatibility of the proposal with the zoning, uses and character of the surrounding area.	Compatibility is achieved. Property fronts on amajor arterial.	
(d) Suitability of the subject property for the uses to which it has been restricted without the proposed zoning map amendment;	Property is not suitable for single family residential.	
(e) Extent to which approval of the proposed rezoning will detrimentally affect nearby property including, but not limited to, any impact on property value, traffic, drainage, visual, odor, noise, light, vibration, hours of use/operation and any restriction to the normal and customary use of the affected property;	This site and use should not be a detriment to the area..	
(f) Length of time the subject property has remained vacant as zoned, as well as its zoning at the time of purchase by the applicant; and	Property is vacant and adjacent to a utility facility.	
(g) Impact of the proposed development on community facilities and services, including those related to utilities, streets, drainage, parks, open space, fire, police, and emergency medical services	Minimal impact if rezoned to C-3, L.U. Overlay.	

**Staff Findings:**

**Applicant’s Purpose:**

The applicant noted in the applicant that the adjacent portion of the entire 2.7 acres is leased by Ferrell Gas and is zoned I-1 Industrial. The applicant hopes to have the property made consistent with the surrounding uses by allowing for a communications tower to be installed on site.

The existing site is small in size. Accommodation for a cell tower will have to take into account setback requirements of 50’ from the property lines and any other code submission requirements. Wireless communication facilities on new support structures shall be set back a minimum of 50 feet from all property lines including street right-of-way lines.

**Departmental/Agency Reviews:**

The following departments and agencies were contacted for review and comments. Note that this table will be updated at the hearing due to reporting information that will be updated in the coming days:
