

# Memo

To: Public Works Committee  
From: Otis T. Spriggs, Planning Dept./ Erick Woodruff, Public Works Director  
Date: June 25, 2008  
Re.: **W. Lawson Road (Christian Valley Drive)**

Dear Public Works Council Committee:

As you are aware, Lawson Road and Valley View Drive are now functioning with a new traveling road alignment as a result of the Lawson Road Extension now known as “Christian Valley Drive”.

The Jonesboro Public Works department requests your endorsement of renaming a small segment of road between Valley View Drive and Mt. Carmel Rd. (now named W. Lawson Rd.) The plan is to rename this segment as “*Christian Valley Drive*”, which will cause a change in address of two properties which have frontage. (See attached aerial map)

The purpose of this change is to allow for clarity and also provide a clear 911-addressing for emergency response reasons. Once these changes are made, we feel that this will allow for better access and emergency locating.

This matter has been set to be discussed in the next Public Works Council Committee meeting scheduled for 5:15 PM on July 1, 2008. We have sent the attached letters and invites to the two affected properties to allow all and any concerns to be addressed. Response letters received to date are attached as well.

If you have any questions, please direct them to the undersigned or to the Public Works Director, Erick Woodruff.

Thank you.
