

# Double Hill, LLC Retirement Community

Floor Plan features covered parking, HDCP compliant entrance, HDCP designed kitchens, HDCP approved appliances, HDCP bathrooms and full HDCP accessible plan. Vaulted ceilings, premium floor finishes, cabinetry, and trim molding package will separate this facility from standard apartments. The exterior is maintenance free, aesthetically appealing, and appropriate for the surrounding community with a country feel. Site grounds will incorporate landscaping, paved walking trails around the ponds, and a fully HDCP accessible Community Building with covered outside veranda. Security is enhanced by a wrought iron & masonry gated entry, with perimeter fencing around the project.
