RE: Letter of Resignation
Civil Service Commission
Storm Water Drainage Commission

Dear Mayor Perrin:

I have enjoyed the experiences of being a member of both of the above commissions. I have learned a lot and I have met some great people. However, it is time for me to resign from both of those commissions and allow someone else this tremendous experience.

I am respectfully requesting that I be permitted to resign with my resignation to be effective upon replacement by you and confirmation, if necessary, by the City Council of my replacement for each of the commissions.

I thank you personally for your trust in me in appointing me to both of these commissions and I hope I have lived up to your trust.

Respectfully yours,

Dennis Zolper
