TO WHOM IT MAY CONCERN:

Irene Glover has been a patient of mine for approximately 13 years and I have treated her on a regular basis during that time.

Mrs. Glover is 85 years of age and lives alone in her home on the family farm. She has a heart condition and has had angioplasty in the past.

I understand Mrs. Glover's son, Tommy, has made application to the City of Jonesboro for a hardship permit to place a mobile home near her residence on the farm. I believe that it would be to Mrs. Glover's best interest to have her son living next door to her so that he could help care for her when necessary.

We, the undersigned, are property owners within 200 feet of the location where Tommy Glover has requested that he be allowed to place a mobile home at 3021 Glover Road.

We have no objections to the City granting a hardship permit to Tommy Glover for placement of a mobile home at 3021 Glover Road.

Dated this October 1, 2003.
