GRANT DESCRIPTION & OTHER INFORMATION

The City of Jonesboro is seeking to construct Section V of Phase I of the Turtle Creek Greenway. Section V construction will include 1,422 feet of trail.

The trail will be a 10 foot wide asphalt trail. If fully funded per the request, has the potential to extend the existing trail an additional 1,422 feet.

The resolution is required to establish support of the project if funded. No award has been made at this time. The match will be requested in the 2010 Budget.

There are two awards currently active from this funding source (2007 and 2008). These awards include funding to build a span to cross Turtle Creek near/at Highland Drive and to construct the trail on the northeast side of Turtle Creek at the mall site.
