

## CITY OF JONESBORO

March 26, 2001

Mr. Marion Butler, Division Head  
AHTD Environmental Division  
P. O. Box 2261  
Little Rock, AR 72203

Re: AHTD Job Number R00118  
FAP Number HPP-1341(1)  
HPP-1512(1)  
Hwy. 63B Interchange/Craighead Co.

Dear Mr. Butler:

With reference to the above described project, I submitted, on November 7, 2000, an executed copy of our concurrence with the assessment and the proposed minimization of impacts to the Joe Mac Campbell Park. I also enclosed (1) a certified copy of a Resolution passed by the City Council regarding this matter, and authorizing the transfer of necessary property to the Department for frontage road right-of-way purposes; and (2) a map showing the park, complete with the layout and legal description thereof.

As a follow-up with regard to this matter, and pursuant to a discussion with Mr. Bill Richardson of your staff, please note that sufficient frontage road right-of-way and right-of-way necessary for the cul-de-sac at the "new" entrance has been provided for by the City of Jonesboro. As previously noted, the park was purchased by the City without any federal assistance, and we are making available all necessary right-of-way. Since our original park plans included provisions for the frontage road and cul-de-sac, there will be no adverse impacts to any of the planned improvements in the park.

Hopefully, this information will help expedite handling of this project. Your cooperation and assistance is very much appreciated. Should additional information be required, please advise.

Hwy. 63B West Interchange (Jonesboro)  
Craighead County  
Tract: 3, 3E

Dear Mr. Johnson,

After my first discussion with you regarding the City Ball Field Property on Hwy. 63, I spoke with design regarding changing the design and Right of Way limits so as to work around the existing water and sewer lines and new fencing.

Enclosed is the new Right of Way and design map along with a new contract. Our resident engineer Brent Watkins has recently staked this new Right of Way.

Please call me after you have reviewed this with your engineer.

Sincerely,

Trish Lynn, Negotiator  
Acquisition Section  
Right of Way Division
