RE: Abandon street r-o-w on
East Street

Dear Brian:

A five foot easement is requested by City Water and Light to be maintained for SP Transportation at 100 South Church for a water service in the above referenced street. This is to protect this service line from being under any buildings that may be constructed on this property.

City Water & Light has no other objection in the abandonment of the unimproved street right of way on East Street located on the north side of Cate Street, east of Church Street and west of Vandyne Street.

If you should have any questions, please call me at 935-5581.

Respectfully,

James A. Reed

Petition to close unimproved street right of way of East Street.

Arkla does not object to the closing of this part of East Street, but must retain a 10' utility easement because of existing gas main that is in use.

Yours truly
