2013 Action Plan Statement of Community Development Objectives and Projected Use of Funds for 2013

EXECUTIVE SUMMARY

The CDBG Program was established by the Housing and Community Development Act of 1974. The primary objective of this program is to develop viable urban communities by providing decent housing, a suitable living environment and economic opportunities, principally for lower income persons (defined as 80 percent or less of the City of Jonesboro area median household income).

The statutes for formula grant programs set forth three basic goals against which the Consolidated Plan, and the jurisdiction's performance under the plan will be evaluated the U. S. Department of Housing and Urban Development (HUD). Those goals are:

- Create a Suitable Living Environment
- Provide Decent Housing
- Create Economic Opportunities

Through the CDBG Program, the U.S. Department of Housing and Urban Development (HUD) provides funds to local governments for a wide range of community development activities for low-income persons. In order for an activity to be eligible for CDBG funding, it must be shown to address one of the following national objectives:

- Benefit people with low incomes (up to 80 percent of median)
- Aid in the prevention or elimination of slums and blight; or
- Meet an urgent need (such as earthquake, flood, or hurricane relief)

The City of Jonesboro, Arkansas is beginning its seventeenth with the Community Development Block Grant Program. The Annual Action Plan for Program Year 2013 represents the second year of the City of Jonesboro's Five Year Consolidated Plan submitted for program years 2012-2016. It is prepared in direct correlation with the specific goals and objectives stated therein. The Action Plan is in compliance with the U.S. Department of Housing and Urban Development guidelines for submission for Federal entitlement funds.

The City began its First program year on July 1, 1997. In August 1999 the City received approval from HUD to change our program year to January 1 of each year. Therefore, our third year program was for six months and our fourth year program began on January 1, 2000 and ended on December 31, 2000. Our fifth year and all subsequent program years begin as of January 1, of each year.

The actual level of funding Jonesboro receives from HUD is determined annually and is based upon a formula that all entitlement communities are subject to in relation to HUD's overall annual budget.

The City does not receive HOME, HOPWA, or ESG funds at this time. The City anticipates applying for HOME funds in 2013. Anticipated HUD Community Development Block Grant allocation for the fiscal year 2013 is \$682,206.70. The annual Action Plan has been prepared in accordance with existing regulations governing the Community Development Block Grant Program and the Consolidated Plan format. The activities and programs described herein are aligned with the Strategic Plan, as outlined in

the 2012-2016 Five Year Consolidated Plan.

The 2013 Community Development Program highlights the number one goal in the 5 Year Consolidated Plan – Improve Livability and Availability of Affordable Housing to our low income residents with the highest priority being housing rehabilitation. Acceptance in the HOME Program will allow the City to complete between 10 and 20 additional housing rehabilitation projects. Additional projects may include home reconstruction and new construction projects. CDBG funds will also be used for housing rehabilitation in addition to emergency rehabilitations.

A total of 16 individual projects are listed with 24.8% of the entitlement funding allocated to housing projects directly serving low income individuals; 14.3% allocated to micro enterprise development in low income neighborhoods; 23.9% allocated for land acquisition to expand the Hispanic Services Center, 1.9% for public facilities, 20% allocated to administration, and 14.99% allocated for public service programs that address a multitude of needs including education, life skills, homeowner assistance, the arts, and mentoring. Project priorities are given to designated low-income CDBG areas, and to those projects that serve the highest number of low income participants, and impact. The Jonesboro's 2013 Action Plan continues to reflect the true intention of the HUD Community Development Block Grant: *seeking to develop viable communities by promoting integrated approaches that provide decent housing, a suitable living environment, and expand economic opportunities for low and moderate income persons.*

As stated in the Five Year Consolidated Plan, all of the City's Housing and Community Development projects serve in the Census tract areas that represent the highest density of low income populations, and/or serve as a direct benefit to low income individuals. Maintaining the current housing stock in these areas is a high priority. Neighborhood revitalization is also a predominant consideration. The City of Jonesboro's priority objectives are to improve the housing and neighborhood livability and the quality of life for low income, disadvantaged, and often underserved citizens.

City of Jonesboro Priority Objectives:

- Housing - Rehabilitation/Homeownership
- Neighborhood Revitalization/Beautification
- Economic Opportunity/Development/Job creation/Business Development
- Public Services – Quality of Life/Life Skills/Special Needs

The City of Jonesboro is committed to the proper implementation of a balanced Community Development Program that maximizes benefits to low and moderate income persons both directly and through the improvement of their immediate neighborhoods. Through the provision of decent housing, a suitable living environment, educational and supportive services, and the expansion of economic opportunities, we intend to change the face of our low income neighborhoods and provide our citizens with the needed resources to assist them in breaking both generational and circumstantial poverty. This year's primary focus remains on housing, economic development, neighborhood revitalization, and a broad range of public and social services addressing the core needs of our low income residents.

While the needs of the City of Jonesboro continue to far exceed the financial resources available through the Community Development Block Grant Program and the city's financial means, this funding makes it possible for Jonesboro to provide meaningful housing improvements, public improvements, and community restoration and development activities.

It is through these activities that we address the quality of life issues that are essential in

achieving a truly beneficial level of neighborhood specific community improvements.

The following pages define the distribution of funds and outline the proposed projects and activities to be undertaken with the federal fund allocation.

STATEMENT OF COMMUNITY DEVELOPMENT GOALS 2013 ACTION PLAN

The City of Jonesboro continues to place major emphasis on HUD's priority goals of Housing, Neighborhood Revitalization, and the improvement of the quality of life through the provision of needed social services and education. This year's projects and activities address these goals directly as it increases accessibility of affordable housing and the viability for potential homeownership through the provision of homeownership counseling, as well as, direct homeownership financial assistance. The City will address the sustainability of our existing affordable housing through its preservation, improvement, and foreclosure counseling projects. The plan prioritizes Neighborhood Revitalization through the improvement of neighborhood safety and aesthetics, and the elimination of slum and blight. Quality of life issues are addressed through various forms of education including life skills, financial, employment training, translation services, and other educational and supportive services for the elderly, disabled, youth, and other low income citizens.

The City of Jonesboro's Department of Grants & Community Development has begun implementation of a community initiative which includes the aforementioned partners as well as residents, churches, and the business community. This Community Change Initiative includes a citizen-driven strategy for addressing and meeting needs in low-income areas, the banking and financial community, non-profit organizations, area businesses and a supporting partner in the Winthrop Rockefeller Foundation. It is the intention of the city to build a model of community involvement that directly addresses the poverty issues we face, provides community leadership, and enables this low income neighborhood to see marked change in the fiscal year 2013. This initiative has created four neighborhood networks in our extremely low income area to individually address specific needs and become a part of the solution.

There are many community stakeholders willing to further our efforts to address the needs of their individual neighborhoods. Through the 2013 CDBG program funds the city will be serving not only specific low income neighborhoods, but directly serving our low income and special needs populations including youth, elderly, disabled, and otherwise disadvantaged.

Our primary goal is to promote, sustain and preserve an excellent quality of life in the City of Jonesboro. Through the Community Development Objectives cited below we are continuing to conduct our activities in a manner designed to benefit our most vulnerable populations.

The Mayor and the City Council have approved the plan, the specific projects, and their amounts by Resolution, thereby approving the allocated funds in the amount of \$682,206.70, and the implementation of said projects.

These projects were selected after careful consideration of the City of Jonesboro's needs in relation to HUD's national objectives. As reflected in the table below Jonesboro has a higher percentage of poverty, and lower percentage of homeownership than our county, state, and nation. Therefore, the City has chosen to select the programs that will most directly address the immediate areas of need.

According to the US Census Bureau

	Jonesboro	Craighead City	Arkansas State	United States
Persons below POVERTY percent, 2010	22.0%	19.4%	18.0%	13.8%
HOMEOWNERSHIP rate, 2010	55.0%	61.0%	67.7%	66.0%

<http://quickfacts.census.gov/qfd/states/05/05031.html>

The projects are designed with maximum feasible benefit for the low and moderate-income citizens. The City will continue to strive to meet the HUD national objectives as we increase the number of opportunities for our citizens to move from homelessness and/or poverty to housing, self sufficiency, and the possibility of homeownership.

Effectiveness

The 2013 Action Plan coincides with the national objectives and the 2013-2016 Consolidated Plan. The City of Jonesboro included in its consideration not only the information obtained during public hearings but through various agency and public collaborations, studies, focus groups, and surveys performed throughout the City.

Notices of all public hearings and the availability of the 2013 CDBG proposed projects for a 30 day public review were published in the Jonesboro Sun newspaper and the CDBG website. Copies of the complete 2013 Action Plan are available for public review and inspection during normal business hours Monday through Friday in the offices of the Department of Community Development located next to City Hall at 519 West Washington, Jonesboro, Arkansas. Copies of the plans are also available on the Community Development web page and the public library.

ELEMENTS OF THE CONSOLIDATED PLAN

Managing the Process

The City of Jonesboro's Department of Community Development is responsible for the development and implementation of the Consolidated Plan. Various City Departments and local agencies assist in the collection of the needs data for preparation of the Consolidated Plan and Annual Action Plan. J-Quad Planning Consulting Group assisted in writing portions of the Consolidated Plan. J-Quad Planning was hired by the City of Jonesboro to conduct a comprehensive housing study, funded by the Residential Housing and Health Care Facilities Board. Portions of that study have been used in the completion of the Consolidated Plan and the 2013 Action Plan.

Citizen Participation Process

The City of Jonesboro follows its Citizen Participation Plan in the development of the Consolidated Plan and Annual Action Plan. It is the goal of the city to encourage and facilitate participation of residents in the formulation of priorities, strategies, and funding allocations for the Community Development Block Grant Program. The process emphasizes the involvement of extremely low, very low, and low income persons (especially those living in low income neighborhoods and diverse populations) including people who do not speak English and persons with disabilities.

The preparation of the 2013 Action Plan builds upon the public participation and input provided in developing the 2012-2016 Consolidated Plan Priority Needs Summary, as approved by the City Council. This plan sets forth a five year plan citing Housing and Community Development Needs. The Action Plan follows the Consolidated Plan in its focus on those goals that will benefit lower income households and identifies which goals are anticipated to be carried out using federal CDBG funds allocated to the City.

Public input was obtained from two public hearings, and participation in public and service provider meetings. In an effort to broaden the public participation process for development of the Consolidated Plan and Action Plan, the city seriously encourages involvement in the process and holds the meetings in locations in service- recipient neighborhoods. Efforts are also made to reach persons with disabilities by utilizing agencies that serve persons with disabilities.

Institutional Structure

The institutional structure for implementation of the Consolidated Plan includes non-profit organizations and other public agencies and educational institutions. The City of Jonesboro Department of Community Development is responsible for implementation of the Consolidated and Annual Action Plans.

The city provides funding and coordinates with nonprofit organizations that provide public services that benefit Jonesboro residents. The city also works with non-profit housing developers in the development of affordable housing in the city. Non-profit organizations are critical to achieving the Consolidated Plan goals.

The city is available to assist the Housing Authority in submitting applications for funding to increase Section 8 vouchers or provide additional funding for affordable housing or services in the city. The city coordinates its activities with other public agencies. The city regularly participates in JURHA, and non-profit meetings, focus groups, and faith-based activities.

The city assists non-profit agencies in securing other state and federal funding by writing letters of support and assisting agencies in completing applications for funding. The city is also active in supporting the continued funding of the Section 8 Program and other programs that are crucial for affordable housing programs and public services.

The major strengths of the city's institutional structure is in the access to the various city departments and to a large number of very capable non-profit organizations who are highly competent in using available resources and leveraging funding in order to achieve the desired housing and services.

Monitoring

The City of Jonesboro intends to use the existing delivery/reporting system to achieve its production and service goals. While this includes managing in-house programs, many programs and services will be contracted out to sub-grantees. The city plans to conduct an on-site monitoring assessment of the program activities of each sub-recipient in order to ensure strict compliance with program guidelines as stated in their contractual agreement. The monitoring process includes quarterly reports and a review of contract compliance, program capacity, performance, and timeliness.

Financial monitoring occurs on a quarterly basis with a review of invoices and supporting documentation to ensure that all costs correspond to project services as outlined in the recipient's contract budget. The quarterly report includes additional information including client data, project activities, progress in meeting goals/objectives and specific achievements.

At the end of the contract year, the department compiles all the client demographic data and prepares a comprehensive statistical report that becomes part of the CAPER.

The City of Jonesboro includes the following statement on every bid document in order to encourage minority business participation:

Minority Business Participation

Minority Business Policy – It is the policy of the City of Jonesboro that minority business enterprises shall have the maximum opportunity to participate in the city purchasing process. Therefore the City of Jonesboro encourages all minority businesses to compete for, win, and receive contracts for goods, services, and construction. The city also encourages all companies to sub-contract portions of any city contract to minority business enterprises.

Lead Based Paint Strategy

According to the Residential Lead-Based Paint Hazard Reduction Act of 1992 (Title X), lead based paint hazard is defined as any condition that causes exposure to lead from lead contaminated dust, lead contaminated soil or lead contaminated paint that is deteriorated or present in chewable surfaces, friction surfaces, or impact surfaces that would result in adverse human health effects. As required by Title X, the City of Jonesboro is carrying out CDBG funded activities in tandem with our Inspection Department.

Owners of properties to be rehabilitated are informed of the risks of lead based paint. As part of the rehabilitation process, the property is inspected for signs of defective paint. Defective paint in older homes that is suspected to be lead based is removed following the lead based paint standards. If there are children in the home, the parents are provided information regarding the benefits of having the children tested for lead based paint and also where they can go to get this done.
