to do in July
N.A.*

May 29, 1986

Hon. Neil Stallings
Mayor
City Hall
Jonesboro, AR 72401

Dear Neil:

It is a little early to discuss appointments to the Solid Waste Authority but I would like for you and your secretary to help me keep up with it so that it can be done at the proper time.

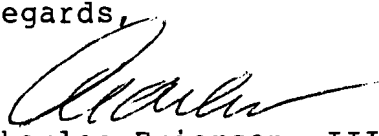

The luck of the draw indicated last year that all four of the members of the Authority who drew one year terms were City appointees. They are Frierson, Culpepper, Davis and Mulhollen. Our terms expire August 1, 1986.

Some time during July new appointments should be made for all four of these positions. The statute says that directors are "appointed by the governing bodies of the respective municipalities and counties". I assume that means the City Council makes the appointment.

The new term of office for each of these four will be three years beginning August 1, 1986.

The Authority will have to have an annual meeting in August so if I could have your appointments sometime around the first week of that month it would be helpful.

Regards,

Charles Frierson, III
