*Chief Financial Officer Ben Barylske stated this is the regular yearly cleanup ordinance. He explained the Street Fund was amended for the Opticom System as well as battery backups for the signals at some of the intersections in the city. The Advertising & Promotion Fund approved additional funds after passing the 2015 budget, causing the need for the cleanup of their fund. The Cemetery Fund additional funding is needed because of a new truck purchase, landscaping and surveying done by Associated Engineering. Councilman Street asked if the surveying project has been completed. Mr. Barylske answered no. Mayor Perrin stated they still have to take the information they received and coordinate it with the deeds at the Circuit Clerk's Office. Councilman Street then asked if the city will be installing kiosks that will show visitors where people are buried. Mayor Perrin stated the city can't do that now because they are waiting for the project to be completed. But, once the project is completed the kiosks won't be a costly addition.*
