TO: Metropolitan Area Planning Commission

My name is Jean Gipson, the widow of Hosea Gipson, and I live at 1606 Heern Dr., Apt. 2228, Jonesboro, Arkansas. I am 83 years old and reside in St. Bernard's Village. I own Lots 1 and 2 in Block "I" of Griffin Subdivision.

Several months ago, Bob Harrison approached me about buying my 2 lots. I didn't want to sell, as I wanted to keep my lots in case I needed that money for later living expenses. I told Mr. Harrison I didn't want to sell, and the last time I talked to him he threatened me, and told me if I didn't sell my 2 lots to him, he would close my street, and my lots would go back to the State of Arkansas.

I just found out that Mr. Harrison is presenting a plat of the Griffin property to the Commission and I don't want any of the streets surrounding my lots to be closed. I am unable to come to the meeting tonight and am confused about the fate of my property.

I am asking that you not allow any street bordering my property to be closed and that you postpone any decision on this until I can get someone to help me to make sure my lots will be OK. I am elderly and unable to do research on this and need time to get someone to help me or to get an attorney to help me.

Thank you so much

Jean Gipson
