Re: Street Closing
Logan (Between Houghton & Roland)
Jonesboro Craighead County, Arkansas

Dear Donna:

City Water and Light has no objection with the closing of a portion of Logan Street located between Houghton and Roland Streets all being in the Southwest Quarter of Section 17, Township 14 North, Range 4 East, Jonesboro, Arkansas. CWL will require an overlapping utility easement over the entire street, should the city choose to close it. CWL will prepare easement documents, if needed.

Respectfully,

Dear Mr. Easley:

RE: St. Bernards Med Center, Logan Ave. closing

Per your request, I am scanning and e-mailing you this letter prior to the City hearing on the matter. We have had no time to include a drawing, so the description of the easement we require will be less than ideal.

AT&T Arkansas has no objection to the closing of Logan Avenue between Houghton Street on the west and Roland Street on the east SUBJECT TO AND CONDITIONED UPON the dedication of an easement five feet on either side of AT&T's facilities, as placed; also, that the area over which we have buried facilities remain a green belt and not be paved over.

Please send me your assurances that these conditions will be met and I will forward you a recordable concurrence.

Please do not hesitate to call me at the above number if you have questions or comments.

Sincerely,

A handwritten signature in cursive script that reads "Lynda Palmer".
