

July 16, 1991

Mr. Jim Reed and
City Water and Light Board of Directors
400 East Monroe Avenue
Jonesboro, Arkansas 72401

Gentlemen:

During the Jonesboro City Council meeting last evening, July 15, 1991 the Jonesboro City Council voted to purchase a mobile home unit from the Craighead County Regional Solid Waste Authority to be used by the Animal Control Department. They recommended that I request the CW&L board to provide all utility service at no charge for this unit.

The City of Jonesboro also requests that service be reconnected temporarily to the flood lights on the field at the Fire Training Center located on Stadium Boulevard at no charge.

Thank you.
