

Item	Estimated Cost	Explanation
Transportation of bridges from 226 to Jonesboro	\$0.00	AHTD will ship them to us at no cost if we provide a location and get it into the contract.
Bridge Footings	\$15,000.00	Tom Parsons provided an estimate of \$7,500 per bridge to install footings appropriate for bridge sizes. This is Craig Light's contact.
Crane Rental	\$60,000.00	Crane Rental (Marvin Day Estimate)
Reassembly	\$10,000.00	\$5,000 per bridge
Decking	\$16,000.00	\$100 per foot for 4" concrete decking
Total	\$101,000.00	Estimates from Marvin Day at Cameron Construction

Marvin suggested having the footings done prior to bridge delivery and doing the work on site instead of trying to assemble the bridge and then ship it. Thought it would be easier and more cost effective.

Jw Githens agreed with the numbers.
