Dear Variance Committee,

I would like to remove and replace my existing fence with a new one. It is a standard 6ft privacy fence. I would like it to be in the same location as the current fence. A city code states that the new fence on the north side of the property must be even with the eaves of the house. This would cause me to lose approximately 1100 square feet of useable backyard space. I would greatly appreciate it if you would allow me to replace my current fence with a brand new one in the same exact location as the current fence.

Sincerely,

Hunter McQueen
