Re: Property: 901 Creath Ave

Jonesboro, AR 72401

Borrower: N/A (Owner: Alice Powell Et Al)

File No.:

Pursuant to your request, I have prepared an appraisal report of the property captioned in the "Summary of Salient Features" which follows. As you have requested, I have prepared this report in accordance with most area lenders. To the best of my knowledge, this report conforms to the current requirements prescribed by the Uniform Standards of Professional Appraisal Practice of the Appraisal Standards Board of the Appraisal Foundation (as required by the Financial Institutions Reform, Recovery and Enforcement Act (FIRREA)).

The accompanying report is based on a site inspection of improvements, investigation of the subject neighborhood area of influence, and review of sales, cost, and income data for similar properties. This appraisal has been made with particular attention paid to applicable value-influencing economic conditions and has been processed in accordance with nationally recognized appraisal guidelines.

The value conclusions stated herein are as of the effective date as stated in the body of the appraisal, and contingent upon the certification and limiting conditions attached. The person (s) signing this report have the knowledge and experience to complete this assignment competently. Please do not hesitate to contact me or any of my staff if we can be of additional service to you.

#### **Supplemental Addendum**

		Cappioiniona /laaciiaaiii	11101	10.	
Client	City of Jonesboro				
Property Address	901 Creath Ave				
City	Jonesboro	County Craighead	State AR	Zip Code 72401	
Annraiser	Rob Gibson				

#### Scope of Work

This report has been prepared for The City of Jonesboro. The report has been performed to assist the client with the determining a market value of the section of land described in the Permanent Right-of-Way. If this report is placed in the hands of anyone other than the client, the client shall make such third party aware of all the assumptions and limiting conditions of the assignment. This appraisal is made based on an extraordinary assumption that the division from the parent parcel is as described and no differences exist. The scope of this appraisal consisted of an observation of subject site from public street. Pictures of the site and street were taken and can be found in this report. The MLS, local public records, as well as local comp services were researched for comparable sales in the neighborhood. Those used were deemed the best available. The comparable sales were compared to the subject and adjustments in value were made as deemed appropriate. An opinion of value was then rendered based on the data available. This report is an appraisal and not an environmental inspection.

I have not checked the land records for recorded easements & did not note any apparent adverse easements or encroachments. Any easements, encroachments, restrictions, covenants, etc uncovered through a title search, legal opinion, or property survey should be submitted to the appraiser for consideration. The appraiser reserves the right to analyze all such information and amend the appraised value, if necessary.

#### Digital Signature

This appraisal report contains digital signatures that meet the requirements of Statement on Appraisal Standards No.8 (SMT-8). The software programs used to transfer the report electronically provide digital signature security features for the appraiser signing the report. The appraiser that has signed (affixed an electronic signature) to this report has ensured that the electronic signature(s) is protected and the appraiser has maintained control of the signature. Per SMT-8 of the Uniform Standards of Professional Appraisal Practice, electronically affixing a signature to a report carries the same level of authenticity and responsibility as an original ink signature on a paper copy report.

#### Digital Images

Digitized images, such as photographs, maps, exhibits, etc., contained in this report, are unaltered from their original likeness. Digital images, however, may have been modified for formatting, brightness, or resolution. These modifications are made only to reduce file size or enhance readability and do not manipulate the original likeness.

#### Sales Concessions

No sales concessions were conducted due to them being a traditional occurrence in this market. Not only are they a normal occurrence, but the lack of disclosures of sales concessions is poor. It is not a requirement in the state of Arkansas to disclose sales concessions and disclosing these sales concessions could result in violations of Arkansas law.

#### Comps Over One Mile

Comparable sales over one mile away were used because they are the best available in this area. Expanding the search to a radius greater than one mile developed sales that are still within the same market. These sales are the best comparables to the subject property and are therefore used in this report.

# Comps Over Six Months

A thorough search for comparable sales was made in this market area. Comparables that sold within six months of the date of appraisal were significantly different in location, size, age, conditions and other value influencing items. In the appraisers judgment, the comparables selected are a better indication of value than most recent sales.

#### **Extraordinary Assumption**

This appraisal is made based on an extraordinary assumption that the division from the parent parcel is as described and no differences exist.

#### **Exposure Time**

The appraiser's opinion of estimated exposure time is 4 to 6 months.

#### Summary of Subject Property

Per the legal on the Permanent Right-of-Way, the subject property contains 781 +/- Sq Ft. The subject is part of Parcel #01-144184-11400. The subject is located at the corner of S Allis St and Creath Ave, inside the city limits of Jonesboro, Craighead County. Access to the subject property is average. The topography of the site is generally level and drainage appears adequate. Public utilities are assumed to access the subject site. The subject is within a few miles from public school facilities, restaurants, businesses, retail and medical services.

\*The appraiser has not conducted appraisal business on the subject property within the last three years.

\*This report complies with Title XI of FIRREA ACT of 1989 amended 012 U.S.C. 3331.

#### Damage to Improvements

According to the survey stakes, the new right-of-way will take front yard improvements to include plants and concrete fence. A representative of the city has stated first they will provide additional compensation for these loses. I have not been asked to determine these loses; only the real estate.

# PERMANENT RIGHT-OF-WAY

#### KNOW ALL MEN BY THESE PRESENTS:

That ALICE POWELL, hereinafter referred to as Grantor (whether one or more), does hereby dedicate, grant and convey unto the Public, and that the CITY OF JONESBORO, a Municipal Corporation of the State of Arkansas, hereinafter referred to as Grantee, does hereby accept on behalf of the public, for use as a permanent right-of-way across the following described real property in Craighead County, State of Arkansas, to-wit:

PART OF LOT 3, BLOCK 3 OF BROADAWAY ADDITION, JONESBORO, CRAIGHEAD COUNTY, ARKANSAS, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT THE NORTHWEST CORNER OF LOT 3, BLOCK 3 OF BROADAWAY ADDITION, JONESBORO, CRAIGHEAD COUNTY, ARKANSAS; THENCE NORTH 89°29'09" EAST, ALONG THE NORTH LINE OF SAID LOT 3, 83.30 FEET; THENCE SOUTH 00°15'42" WEST, LEAVING SAID NORTH LINE, 9.11 FEET; THENCE SOUTH 89°07'42" WEST, 83.31 FEET; THENCE NORTH 00°17'28" EAST, 9.63 FEET TO THE POINT OF BEGINNING, CONTAINING 781 SQ. FT., MORE OR LESS, SUBJECT TO ALL RIGHTS-OF-WAY AND EASEMENTS OF RECORD.

This easement and right-of-way is for the purpose of constructing and maintaining a sidewalk and drainage improvements. Any other use of this area, other than by record owners, shall only be granted by record owners, but they are not precluded from using or granting other use, so long as same does not interfere unreasonably with the express purpose intended.

This grant of easement and right-of-way shall be binding upon the heirs, successors, administrators and assigns of the grantors.

Appr	aiser Bob Gibson									
*Apparent is defined as that which is visible, obvious, evident or manifest to the appraiser.										
	This universal Environmental Addendum is for use with any real estate appraisal. Only the statements which have been checked by the appraiser apply to the property being appraised.									
were i inspe value	This addendum reports the results of the appraiser's routine inspection of and inquiries about the subject property and its surrounding area. It also states what assumptions were made about the existence (or nonexistence) of any hazardous substances and/or detrimental environmental conditions.  The appraiser is not an expert environmental inspector and therefore might be unaware of existing hazardous substances and/or detrimental environmental conditions which may have a negative effect on the safety and value of the property. It is possible that tests and inspections made by a qualified environmental inspector would reveal the existence of hazardous materials and/or detrimental environmental conditions on or around the property that would negatively affect its safety and value.									
		DRINKING WATER								
х	Drinking Water is supplied to the subject from a municipal wat	er supply which is considered safe. Hov	vever the only way to be absolutely cert	ain that the water meets

х	The appraiser is not aware of any nearby properties (except as	s reported in Comments below) that were	e or currently are used for uranium, tho	ium or radium extraction						
Comm	ents									

There is no apparent visible or documented evidence known to the appraiser of any USTs on the property nor any known historical use of the property that would likely have had USTs. \_There are no apparent petroleum storage and/or delivery facilities (including gasoline stations or chemical manufacturing plants) located on adjacent properties (except as reported in Comments below). There are apparent signs of USTs existing now or in the past on the subject property. It is recommended that an inspection by a qualified UST inspector be obtained to determine the location of any USTs together with their condition and proper registration if they are active; and if they are inactive, to determine whether they were deactivated in accordance with sound industry practices. The value estimated in this appraisal is based on the assumption that any functioning USTs are not leaking and are properly registered and that any abandoned USTs are free from contamination and were properly drained, filled and sealed. Comments **NEARBY HAZARDOUS WASTE SITES** There are no apparent Hazardous Waste Sites on the subject property or nearby the subject property (except as reported in Comments below). Hazardous Waste Site search by a trained environmental engineer may determine that there is one or more Hazardous Waste Sites on or in the area of the subject property. The value estimated in this appraisal is based on the assumption that there are no Hazardous Waste Sites on or nearby the subject property that negatively affect the value or safety of the property. Comments UREA FORMALDEHYDE (UFFI) INSULATION N/A All or part of the improvements were constructed before 1982 when UREA foam insulation was a common building material. The only way to be certain that the property is free of UREA formaldehyde is to have it inspected by a qualified UREA formaldehyde inspector. N/A The improvements were constructed after 1982. No apparent UREA formaldehyde materials were observed (except as reported in Comments below). N/A The value estimated in this appraisal is based on the assumption that there is no significant UFFI insulation or other UREA formaldehyde material on the property. Comments LEAD PAINT N/A All or part of the improvements were constructed before 1980 when Lead Paint was a common building material. There is no apparent visible or known documented evidence of peeling or flaking Lead Paint on the floors, walls or ceilings (except as reported in Comments below). The only way to be certain that the property is free of surface or subsurface Lead Paint is to have it inspected by a qualifed inspector. N/A The improvements were constructed after 1980. No apparent Lead Paint was observed (except as reported in Comments below). N/A The value estimated in this appraisal is based on the assumption that there is no flaking or peeling Lead Paint on the property. Comments AIR POLLUTION There are no apparent signs of Air Pollution at the time of the inspection nor were any reported (except as reported in Comments below). The only way to be certain that the air is free of pollution is to have it tested. The value estimated in this appraisal is based on the assumption that the property is free of Air Pollution. Comments WETLANDS/FLOOD PLAINS The site does not contain any apparent Wetlands/Flood Plains (except as reported in Comments below). The only way to be certain that the site is free of Wetlands/ Flood Plains is to have it inspected by a qualified environmental professional. The value estimated in this appraisal is based on the assumption that there are no Wetlands/Flood Plains on the property (except as reported in Comments below). Comments MISCELLANEOUS ENVIRONMENTAL HAZARDS There are no other apparent miscellaneous hazardous substances and/or detrimental environmental conditions on or in the area of the site except as indicated below: **Excess Noise** Radiation + Electromagnetic Radiation Light Pollution Waste Heat Acid Mine Drainage Agricultural Pollution Geological Hazards Nearby Hazardous Property Infectious Medical Wastes Pesticides Others (Chemical Storage + Storage Drums, Pipelines, etc.) The value estimated in this appraisal is based on the assumption that there are no Miscellaneous environmental Hazards (except those reported above) that would negatively affect the value of the property.

When any of the environmental assumptions made in this addendum are not correct, the estimated value in this appraisal may not be valid.

# MULTI-PURPOSE SUPPLEMENTAL ADDENDUM FOR FEDERALLY RELATED TRANSACTIONS

Bob Gibson Appraisal Service

Client	City of Jonesboro						
Property Address	901 Creath Ave						
City	Jonesboro	County Craighead	State	AR	Zip Code	72401	
Appraiser	Bob Gibson						

This Multi-Purpose Supplemental Addendum for Federally Related Transactions was designed to provide the appraiser with a convenient way to comply with the current appraisal standards and requirements of the Federal Deposit Insurance Corporation (FDIC), the Office of the Comptroller of Currency (OCC), The Office of Thrift Supervision (OTS), the Resolution Trust Corporation (RTC), and the Federal Reserve.

This Multi-Purpose Supplemental Addendum is for use with any appraisal. Only those statements which have been checked by the appraiser apply to the property being appraised.

statements which have been checked by the appraiser apply to the property being appraised.				
PURPOSE & FUNCTION OF APPRAISAL				
The purpose of the appraisal is to estimate the market value of the subject property as defined herein. The function of the appraisal is to assist the above-named Lender in evaluating the subject property for lending purposes. This is a federally related transaction.				
EXTENT OF APPRAISAL PROCESS				
The appraisal is based on the information gathered by the appraiser from public records, other identified sources, inspection of the subject property and neighborhood, and selection of comparable sales within the subject market area. The original source of the comparables is shown in the Data Source section of the market grid along with the source of confirmation, if available. The original source is presented first. The sources and data are considered reliable. When conflicting information was provided, the source deemed most reliable has been used. Data believed to be unreliable was not included in the report nor used as a basis for the value conclusion.				
The Reproduction Cost is based on supplemented by the appraiser's knowledge of the local market.				
Physical depreciation is based on the estimated effective age of the subject property. Functional and/or external depreciation, if present, is specifically addressed in the appraisal report or other addenda. In estimating the site value, the appraiser has relied on personal knowledge of the local market. This knowledge is based on prior and/or current analysis of site sales and/or abstraction of site values from sales of improved properties.				
The subject property is located in an area of primarily owner-occupied single family residences and the Income Approach is not considered to be meaningful.  For this reason, the Income Approach was not used.				
The Estimated Market Rent and Gross Rent Multiplier utilized in the Income Approach are based on the appraiser's knowledge of the subject market area.  The rental knowledge is based on prior and/or current rental rate surveys of residential properties. The Gross Rent Multiplier is based on prior and/or current analysis of prices and market rates for residential properties.				
For income producing properties, actual rents, vacancies and expenses have been reported and analyzed. They have been used to project future rents, vacancies and expenses.				
SUBJECT PROPERTY OFFERING INFORMATION				
According to MLS  has not been offered for sale in the past: 30 days 1 year 3 years.  is currently offered for sale within the past: 30 days 1 year 3 years for \$  was offered for sale within the past: 30 days 1 year 3 years for \$  Offering information was considered in the final reconciliation of value.  Offering information was not considered in the final reconciliation of value.  Offering information was not available. The reasons for unavailability and the steps taken by the appraiser are explained later in this addendum.				
SALES HISTORY OF SUBJECT PROPERTY				
According to Craighead County Tax Records the subject property:    Has not transferred				
FEMA FLOOD HAZARD DATA  Subject property is not located in a FEMA Special Flood Hazard Area.				
Subject property is located in a FEMA Special Flood Hazard Area.

**DEFINITION OF MARKET VALUE:**The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he considers his own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions\* granted by anyone associated with the sale.

\* Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgement.

#### STATEMENT OF LIMITING CONDITIONS AND APPRAISER'S CERTIFICATION

**CONTINGENT AND LIMITING CONDITIONS:** The appraiser's certification that appears in the appraisal report is subject to the following conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.
- 2. The appraiser has provided a sketch in the appraisal report to show approximate dimensions of the improvements and the sketch is included only to assist the reader of the report in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report whether the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand.
- 5. The appraiser has estimated the value of the land in the cost approach at its highest and best use and the improvements at their contributory value. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used.
- 6. The appraiser has noted in the appraisal report any adverse conditions (such as, needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the normal research involved in performing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property or adverse environmental conditions (including the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an environmental assessment of the property.
- 7. The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- 8. The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice.
- 9. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that completion of the improvements will be performed in a workmanlike manner.
- 10. The appraiser must provide his or her prior written consent before the lender/client specified in the appraisal report can distribute the appraisal report (including conclusions about the property value, the appraiser's identity and professional designations, and references to any professional appraisal organizations or the firm with which the appraiser is associated) to anyone other than the borrower; the mortgagee or its successors and assigns; the mortgage insurer; consultants; professional appraisal organizations; any state or federally approved financial institution; or any department, agency, or instrumentality of the United States or any state or the District of Columbia; except that the lender/client may distribute the property description section of the report only to data collection or reporting service(s) without having to obtain the appraiser's prior written consent. The appraiser's written consent and approval must also be obtained before the appraisal can be conveyed by anyone to the public through advertising, public relations, news, sales, or other media.

#### APPRAISER'S CERTIFICATION:

The Appraiser certifies and agrees that:

- 1. I have researched the subject market area and have selected a minimum of three recent sales of properties most similar and proximate to the subject property for consideration in the sales comparison analysis and have made a dollar adjustment when appropriate to reflect the market reaction to those items of significant variation. If a significant item in a comparable property is superior to, or more favorable than, the subject property, I have made a negative adjustment to reduce the adjusted sales price of the comparable and, if a significant item in a comparable property is inferior to, or less favorable than the subject property, I have made a positive adjustment to increase the adjusted sales price of the comparable.
- 2. I have taken into consideration the factors that have an impact on value in my development of the estimate of market value in the appraisal report. I have not knowingly withheld any significant information from the appraisal report and I believe, to the best of my knowledge, that all statements and information in the appraisal report are true and correct.
- 3. I stated in the appraisal report only my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the contingent and limiting conditions specified in this form.
- 4. I have no present or prospective interest in the property that is the subject to this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or the estimate of market value in the appraisal report on the race, color, religion, sex, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property.
- 5. I have no present or contemplated future interest in the subject property, and neither my current or future employment nor my compensation for performing this appraisal is contingent on the appraised value of the property.
- 6. I was not required to report a predetermined value or direction in value that favors the cause of the client or any related party, the amount of the value estimate, the attainment of a specific result, or the occurrence of a subsequent event in order to receive my compensation and/or employment for performing the appraisal. I did not base the appraisal report on a requested minimum valuation, a specific valuation, or the need to approve a specific mortgage loan.
- 7. I performed this appraisal in conformity with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place as of the effective date of this appraisal, with the exception of the departure provision of those Standards, which does not apply. I acknowledge that an estimate of a reasonable time for exposure in the open market is a condition in the definition of market value and the estimate I developed is consistent with the marketing time noted in the neighborhood section of this report, unless I have otherwise stated in the reconciliation section.
- 8. I have personally inspected the interior and exterior areas of the subject property and the exterior of all properties listed as comparables in the appraisal report. I further certify that I have noted any apparent or known adverse conditions in the subject improvements, on the subject site, or on any site within the immediate vicinity of the subject property of which I am aware and have made adjustments for these adverse conditions in my analysis of the property value to the extent that I had market evidence to support them. I have also commented about the effect of the adverse conditions on the marketability of the subject property.
- 9. I personally prepared all conclusions and opinions about the real estate that were set forth in the appraisal report. If I relied on significant professional assistance from any individual or individuals in the performance of the appraisal or the preparation of the appraisal report, I have named such individual(s) and disclosed the specific tasks performed by them in the reconciliation section of this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in the report; therefore, if an unauthorized change is made to the appraisal report, I will take no responsibility for it.

**SUPERVISORY APPRAISER'S CERTIFICATION:** If a supervisory appraiser signed the appraisal report, he or she certifies and agrees that: I directly supervise the appraiser who prepared the appraisal report, have reviewed the appraisal report, agree with the statements and conclusions of the appraiser, agree to be bound by the appraiser's certifications numbered 4 through 7 above, and am taking full responsibility for the appraisal and the appraisal report.

#### **PRIVACY NOTICE**

Pursuant to the Gramm-Leach-Bliley Act of 1999, effective July 1, 2001, Appraisers, along with all providers of personal financial services are now required by federal law to inform their clients of the policies of the firm with regard to the privacy of client nonpublic personal information. As professionals, we understand that your privacy is very important to you and are pleased to provide you with this information.

#### **Types of Nonpublic Personal Information We Collect**

In the course of performing appraisals, we may collect what is known as "nonpublic personal information" about you. This information is used to facilitate the services that we provide to you and may include the information provided to us by you directly or received by us from others with your authorization.

#### **Parties to Whom We Disclose Information**

We do not disclose any nonpublic personal information obtained in the course of our engagement with our clients to nonaffiliated third parties, except as necessary or as required by law. By way of example, a necessary disclosure would be to our employees, and in certain situations, to unrelated third party consultants who need to know that information to assist us in providing appraisal services to you. All of our employees and any third party consultants we employ are informed that any information they see as part of an appraisal assignment is to be maintained in strict confidence within the firm.

A disclosure required by law would be a disclosure by us that is ordered by a court of competent jurisdiction with regard to a legal action to which you are a party.

#### **Confidentiality and Security**

We will retain records relating to professional services that we have provided to you for a reasonable time so that we are better able to assist you with your needs. In order to protect your nonpublic personal information from unauthorized access by third parties, we maintain physical, electronic and procedural safeguards that comply with our professional standards to insure the security and integrity of your information.

Please feel free to call us an any time if you have any questions about the confidentiality of the information that you provide to us.
