Attach pictures, site plan,
measurements for signs
(including wall
measurements). This
information is needed
before the permit can be
approved.

Master Electrician shall obtain an electrical permit for power wiring before permit will be approved

This permit becomes null and void if work or construction authorized is not commenced within six months, or if construction of work is suspended or abandoned for a period of six months at any time after work is commenced. I certify that I have read and examined this application and know the same to be true and correct. All provisions of law and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

Applicant's Signature:

Greg Anderson 2019

Date:

Aug 15, 2019

Please type your full name followed by the four digit current year (Example: John Doe 2014) as verification that you certify the answers to the above questions and any statements made are true and complete to the best of your knowledge.
