Mr. McNeil:

I own the house next to your property at 204 E. Nettleton. I'm currently in a dispute with the neighbor at 208 (on the opposite side of my house from your house). It involves a property dividing fence that I built in my driveway, which my neighbor Jon Dorsey (208 E. Nettleton) filed a complaint with the City Zoning a Planning office about. I've been dealing with harrassment from this Neighbor for over 6 years, and this is just his latest attempt to prove he is the worst neighbor I've ever had in 25 years of living in my home.

I am in process of applying for a variance with Zoning and Planning board to settle this issue. I was told by their office that I need to contact both of my adjoining neighbors making you aware of this issue.

There will be a hearing on 12/18/2015 regarding this matter. I am aware that your houses next to me are in process of being sold and are currently vacant, so I am sending this to your residence per the City's request.

If you need to ask me anything further, please feel free to call or text me anytime. 870-273-4777

Thank you:
