Item #13 Clay Kenward, representing Hillpoint Development Corp. requested that the Commission delete the requirement that Curb and Gutter be placed along Hwy 1-B. In a letter received from the Ark. Hwy & Trans. Dept., a minimum distance of 22' from the centerline to the face of the curb should be maintained. This would require construction of a four lane roadway. The AHTD felt that construction of four lanes at this particular point would create several safety problems. This item was presented as Item #5 at the march 1979 MAPC meeting. A letter from the AHTD is filed with the MAPC. A vote was taken to approve this deletion. REQUEST APPROVED UNANIMOUSLY.

Item #14 Dan Merryman requested that the Commission delete the requirement that curb and gutter and storm sewers be constructed adjacent to his property at the corner of Brazos and Dayton. The Commission agreed to delete this requirement provided the developer reroute the present ditch and construct a wider shoulder with a safety slope along Brazos and Dayton Streets. Re-constructing the shoulder and ditch would not require curbs and gutters. The developer would only be required to provide proper drainage under each driveway. A letter from Mr. Merryman is filed with the MAPC.

A motion was made by Mr. Tilton and seconded by Mr. Ball to approve this deletion in relation to the above request. REQUEST APPROVED UNANIMOUSLY.
