Chairman of the Parking Commission, Mr. Sanderson stated architects indicated the property at 232 S. Main could not be salvaged and recommended redesigning the lot and area to include a parking lot and a crossover for pedestrians. Mr. Sanderson moved, seconded by Mr. Bridger to approve the purchase of Tatum Drug Store for parking and building a crossover at a cost of \$4.00 a sq. ft. for 25 x 90 sq. ft. at a total cost of \$10,000.00. Mr. Hannah inquired if the recommendation was from the Parking Authority or personally from Mr. Sanderson, who replied it was his personal recommendation after speaking with architects. Mr. Sanderson added that the attorney representing the matter would need to know the following day of the Council's decision as there were two (2) other buyers for the property. He also recommended that the Council place the parking lot on the corner of Church and Cate up for sale as said lot has never been utilized in more than two (2) decades. Discussion followed. Mr. Bridger requested that the Council wait two (2) weeks before purchasing said property and give the Council and an attorney an opportunity to review the matter. Mr. Hannah concurred and stated it does not make sense to sell a City-owned lot parking lot, then acquire a lot and demolish the structure on the lot to make way for more parking. He added that if the building is not repairable it is condemnable and the city has ordinances on the books allowing for condemnation of unsafe and unsightly commercial buildings. Mr. Hannah further added that he doesn't see the serious objection for downtown parking for particular businesses the municipality has two (2) standards that favor down town parking and that the Council has never considered purchasing parking for Shoney's or Indian Mall and it doesn't make sense to him when you don't do it for everyone else. Mr. Sanderson offered to purchase the building in the name of the city, with the city to refund his money. Mr. Nix questioned the legality of an Alderman purchasing property and selling it back to the city. There was a roll call vote and all voted nay with the exception of Mr. Sanderson and Mr. Hinson who voted aye. Mr. Sanderson tendered his resignation as Chairman of the Parking Committee.

Mr. Sanderson then recommended purchasing the property located on the southeast corner of the intersection of Huntington and Union to provide additional downtown parking. Following discussion, the Mayor recommended bringing the matter back to Council in two (2) weeks for consideration.
