CITY COUNCIL MINUTES - DECEMBER 6, 1993

The Jonesboro City Council met in regular session at 7:30 p.m. Present were the Mayor, City Clerk, City Attorney, and all council members with the exception of Councilman Vance and Councilman Mays who were unable to attend.

The minutes of November 15, 1993, were approved as mailed out by motion of Councilman Bowers, seconded by Councilman Harpole. A roll call vote was taken resulting in all council members voting aye.

The following was tabled till a later date:

- \* Certificate of Appreciation to Elaine Bartee, due to illness.
- \* Judy Schales to address Council regarding gang related activities.

The next order of business was a decision regarding the findings of the majority in value pertaining to Kellers Chapel Road Improvement District No. Six (6). Skip Mooney Jr. represented citizens in favor of the Improvement District while Charles Frierson represented citizens opposed to the Improvement District. Mr. Mooney submitted a notarized amended verification, claiming 57 % of the total assessed value. Mr. Frierson argued not only is 51 % of the assessed property value needed, but also a majority in number of property owners as well as acreage. Mr. Frierson submitted a petition claiming a majority in property owners opposed to the Improvement District, as well as a petition of signatures requesting to have their names removed from the petition Mr. Mooney submitted. Debate took place between the two attorneys on the proper procedure for Improvement Districts. Mayor Brodell stated it was unclear which procedure should be followed and referred the matter to City Attorney, Pam Honeycutt for a legal opinion. Ms. Honeycutt explained the law was not absolute regarding procedures for Improvement Districts. But, Ms. Honeycutt gave the following requirements in this particular case:

1. The City to enact a study showing the approximate cost and approximate amount assessed for each lot.

2. Then place this information in the form of a resolution and publish it in the paper.
3. Next within 50 days of the notice, petitions are received and the City Clerk is to determine the sufficiency of the petitions in number, value and area based on the findings.
4. Once this is done, then the Clerk shall set a public hearing.

Ms. Honeycutt explained the public hearing has already been set and in her opinion the Council should proceed. Therefore, it was recommended to the Council to make a determination regarding the majority in dollar amount based on the petitions filed with the Clerk. Councilwoman Ingram questioned which petition should be considered. Attorney Honeycutt stated the issue was dollar amount therefore, the petition giving dollar amounts should be considered. Ms. Honeycutt also stated unless there is proof of fraud or signed under duress then names should not be removed from the original petition. Attorney Frierson reminded the Council of signatures which were removed on a prior petition for a previous Improvement District. He stated the rules should be equal for everyone. City Attorney, Pam Honeycutt explained she was not in favor of removing the names from the petitions in that particular case either. Councilwoman Ingram stated she had a problem with not allowing the names to be removed since the Council allowed names removed from the last Improvement District. She stated until the Council adopts a set procedure for Improvement Districts we should allow the names to be removed. Councilman Harpole moved, seconded by Councilman Wise to approve the amended verification and make a finding that the petitions filed in favor of Kellers Chapel Improvement District No. 6 contain a majority in assessed property value.
