AN ORDINANCE CREATING A SMOKE FREE ENVIRONMENT IN ALL MUNICIPAL BUILDINGS EXCEPT IN DESIGNATED SMOKING AREAS AS ASSIGNED BY THE GENERAL AND PERSONNEL COMMITTEE.

Discussion followed with Councilman Mullenix recommending the whole Council make the decision regarding the placement of designated smoking areas rather than just the General and Personnel Committee. Councilman Hannah questioned how the decision was reached as to who should make the decision regarding the designated smoking area. Councilman Evans stated the decision was made based on the fact that the City does not have a Building Committee. Mayor Brodell stated he had made the General and Personnel Committee recommendation. Councilman Kelton suggested a compromise by having the General and Personnel Committee designate the smoking area, but have the full Council vote on the final decision. Councilman Mullenix stated he had a problem allowing one committee to make the decision for all city employees. Councilman Vance stated he felt the General and Personnel Committee would be a steady source and would consider each department as a whole and listen to the comments of each department head. Councilman Hannah stated Mayor Brodell would be the best choice for deciding where the designated area should be, because of his knowledge of each city building. Councilman Harpole moved, seconded by Councilman Vance to suspend the rules and place on the second reading. However, this motion and second was pulled, with Councilman Harpole stating we (the Council) have gone from thinking three could make the decision, to twelve, now to placing the responsibility on one person. Councilman Harpole stated he felt the committee as a whole (the Council) lacked maturity in handling the problem. Mayor Brodell stated he did not mind taking on the responsibility, but wanted the Council to understand if there is a cost factor he would be coming to them for financing. Councilman Vance moved, seconded by Councilman Harpole to amend the ordinance in Section One from "Designated smoking areas as assigned by the General and Personnel Committee" to read "Designated smoking areas as assigned by the Mayor of the City of Jonesboro, Arkansas." Councilman Mays offered a resolution authorizing Mayor Brodell to contract with Mr. Troy Sheets Surveying for federally funded drainage improvements at Whiteman's Creek, Turtle Creek, Higginbottom Creek and Moore's Ditch. Mr. Lowes stated he had negotiated with three out of four surveying firms. It was explained that Mr. Lowes requested proposals from Dan Mulhollen, Clay Kenward, and Troy Sheets on separate projects. After getting information from each and meeting with the Street Committee, negotiations were terminated, and the job was given to Mr. Sheets. Dan Mulhollen stated he had been asked to submit a contract of proposal on Moore's Ditch. Mr. Mulhollen argued his firm had been told they had been selected to do the work on Moore's Ditch, thereby preparing a contract in draft form as the first step of negotiations. However, the negotiations were terminated. Mr. Mulhollen stated he felt the Street Committee made their selection based on price rather than competence and qualifications, which is in violation of Act 616 (Prohibiting the use of competitive bidding for the procurement of professional services). Mr. Lowes explained no firm was asked to compete with one another, and each was terminated before negotiations began with another.

Mr. Clay Kenward stated he did not know of the other proposals until this morning (April 4, 1994). Mr. Kenward stated he had been asked to submit a proposal for qualifications on the Higginbottom Creek project, and just like Mr. Mulhollen thought he had been selected to do the project. With no further business the meeting was adjourned.
