Councilman Farmer responded stating the Public Works Committee had a pending appraisal and easement description for the purpose of correcting the drainage problems on Catherine Drive, and requested City Attorney Crego to advise committee members on how to proceed in lieu of the pending Worley lawsuit.

The following ordinance was on the third and final reading:

ORDINANCE TO REZONE PROPERTY FROM RESIDENTIAL (R-2) TO COMMERCIAL (C-3),  
LOCATED AT COTTON AND EAST HIGHLAND (Mickey Spencer)

ORDINANCE AMENDING THE JONESBORO MUNICIPAL CODE FOR THE PURPOSE OF  
REORGANIZING THE NORTHEAST ARKANSAS INDUSTRIAL DEVELOPMENT COMMISSION

Councilman Farmer explained the 1986 ordinances passed by Craighead County and the City of Jonesboro conflicted as to the number of commissioners appointed and as to the amount of funds provided by each entity. The previous ordinance allowed for 10 county commissioners while the city ordinance called for seven, but each paid equal amounts of money. He stated the purpose of the amendment was to bring the joint NEA Industrial Development Commission in line with the number of commissioners and funding. Councilman Hargis requested the ordinance provide for a specific reporting date and an annual "written report" as opposed

to annual communications. Dr. Paul Copeland, the Community / Economic Development Director explained the Finance Committee would be receiving a purposed ordinance establishing a prescribed reporting policy for all outside agencies, requesting appropriations by the Jonesboro City Council. Councilman Farmer moved, seconded by Councilman Street to suspend with the second and third readings. A voice vote was taken resulting in all members voting aye. Those members were: Farmer, Province, Hargis, Moore, Williams, Perrin, Street, Johnson, Dover, Furr, and McCall. The ordinance was read for the first time. Mr. David Harris, City Planner explained the MAPC had approved an R-2 zoning, but with the stipulation there would be a total of four (4) units on the 1.269 acres. Councilman Farmer questioned if during the site plan phase of approval would they consider stipulations regarding drainage given the higher density which could create more run off. Mr. Harris pointed out the four unit maximum was less than the existing R-2 zoning requirements. City Attorney explained if the limit of four (4) units is less than the existing R-2 zoning, then the ordinance should provide for limited use. It was decided since the current ordinance was not recommended by the MAPC it should be pulled. Councilman Dover moved, seconded by Councilman Farmer to pull the ordinance from the agenda.
