An error in preparing the agenda omitted a request by Floyd Vuncannon to address the Commission concerning a replat he sought during the March Meeting. It was stipulated at that time that an additional 9' of right-of-way be granted from the centerline on Nettleton Avenue for a total of 50' for approval of the replat. Mr. Vuncannon stated that 100' right-of-way is already there but the Commissioners pointed out that the plat as presented only shows 41' and that is what has to be considered. Mr. Vuncannon was advised to have his surveyor research this item and certify that a 100' right-of-way exists, otherwise the March decision would stand.

The meeting was adjourned at 10:00 p.m.
