Asst. Fire Chief, Wayne Masterson said his department recommended the installation of 6-inch water mains and

fire hydrants for the proposed annexation. He added that major annexation will reduce revenues for volunteer fire departments that surround Jonesboro, and rural departments have pledged assessments to pay off loans used to purchase equipment.

The Attorney representing the annexation, Dennis Zolper stated he had not met with the property owners and thus did not know if his clients were willing to pay for the installation of fire hydrants and meeting minimum right-of-way requirements for streets.

Mayor Brodell asked Dennis Zolper and Engineer Dan Mulhollen to provide the council with all documents pertaining to the stipulations of the annexation so that they could be mailed with the agenda for the Sept. 8th meeting. In addition, he asked to correct the ordinance to reflect any original petitioner who had changed his mind and no longer desires to be included in the annexation.

An ordinance regarding the annexation of Henry Turner property located off Woodsprings Rd. and Neeley Rd. was tabled at the August 3, 1987, meeting. The ordinance was discussed with regard to water mains, fire hydrants, and street right-of-ways. Bill Clark, property owner included in the annexation proposal, stated there were no problems with his property being annexed and requested to council to annex the property that met the requirements and exclude the Laird property since it did not meet said standards with regard to water lines and streets. Mr. Hannah asked Mr. Zolper to have all questions regarding same ironed out before Aldermen act on the property.
