Concept Review: 117 Arlington Street at Main Street (Southwest Corner)

Mr. John Drum, potential buyer of the property requests MAPC's conceptual review for property currently developed as apartments in the R-2 Low Density Multi-Family District. Applicant seeks MAPC's advice on how to proceed with an application to allow a single family home to be built on the vacant area currently existing on the most eastern portion of the property. For Input only: No action is required on this request.
