Mr. Vance made a motion to approve the request subject to 41' of right-of-way being shown on Prospect Road and the owner signing a street improvement agreement for Prospect Road. The motion was seconded by Mr. Sloan. Voting was 4 in favor, 0 opposed. REQUEST APPROVED WITH STIPULATIONS.

#14 SU90-3 Scot Throgmartin requested approval of a "Special Use" permit for placement of a mobile home on Lot 13, Throgmartin Prospect Road Addition. The property is zoned R-1 and it located on the north side of Prospect Road, approximately ½ mile east of Paragould Drive.

Prior to a motion being made, there was a considerable amount of discussion by some in attendance voicing concern about the placement this mobile home. The property owner informed the Commission that the mobile home, even though it is brand new, would be a temporary arrangement, and he intended to build a house within five years and remove the mobile home upon completion of that house. Joe Tomlinson stated to the Commission that the City has in the past issued permits to build conditional upon a mobile home being removed upon completion and/or occupancy of the house. Currently under the mobile home ordinance, permits are issued only for a period of five years in R-1 zoning. At the end of five years the mobile home would have to be removed or an extension applied for and granted. A motion to approve was made by Mr. Patteson and seconded by Mr. Sloan. Voting was 3 in favor, 1 abstaining. REQUEST APPROVED.

#16 MP90-35 Kemuel Camp requested approval of a minor plat containing one (1) lot on 3.0 acres. The property is located on the north side of Peach Tree Lane, west of Misty Glenn Drive.

Mr. Vance made a motion to approve this request subject to a minimum of 30' of right-of-way being shown from centerline on Peach Tree Lane and the owner signing a street improvement agreement. Voting was 4 in favor, 0 opposed. REQUEST APPROVED WITH STIPULATIONS.

#17 MP90-36 Gary Woods and Jim Wallin requested approval of a one (1) lot minor plat containing .6657 acres. The property is located on the south side of Nettleton Avenue, east of Nelms Street.

A motion to approve this request was made by Mr. Sloan with the stipulation that 41' of right-of-way be shown from the centerline on Nettleton Avenue. Mr. Sloan stated that the proposed construction will increase traffic flow and problems and thus the need for additional right-of-way to handle those problems/needs. Also, as designated in the Jonesboro 2000 Plan, Nettleton Avenue is a minor arterial which serves as an interconnect with the principal arterial system. The minimum right-of-way for this classification of street is 82' of right-of-way. It was also stated that Nettleton Avenue is a fully developed street with no street improvements being required of the property owner. When this street is further widened and/or improved the cost for these improvements will be funded by the City with municipal tax funds; therefore, granting of this right-of-way at this time does not appear to be an unreasonable request. A further stipulation was that a site plan be presented prior to issuance of a building permit. Mr. Vance seconded the motion. Voting was 4 in favor, 0 opposed. REQUEST APPROVED WITH STIPULATIONS.

#18 PUD90-2 Drs. Coy Mac Boyd and Dean Tyrer requested final approval of Ridge Pointe Planned Unit Development, Phase "0". This phase covers 137 acres on which a golf course will be located and the entrance to the PUD.

Mr. Vance made a motion to approve this request with the stipulation that Phase I will not receive preliminary nor final approval until the documents for a property owner's association shall be submitted to and approved by the City Attorney. The motion was seconded by Mr. Patteson. Voting was 3 in favor, 1 abstaining. REQUEST APPROVED WITH STIPULATIONS

The meeting adjourned at 10:05 p.m.
